The original return and remittance must be mailed to the Alabama Department of Revenue at the address above.

INSTRUCTIONS

- Column 1:** Show name and address of company from whom products were received. Show each shipment received.
Column 2: Show the date product was received.
Column 3: Show the total number of single cigarette sticks received regardless of the pack size (20/pack, etc.). Tax is \$.02125 each stick.
Column 4: TAX DUE – Multiply column 3 by the tax rate of \$0.02125.
Column 5: For OTP (tobacco products other than cigarettes), show the TYPE OF PRODUCT received (cigars, little cigars, snuff, smoking tobacco or chewing tobacco).

NOTE: Separate lines must be shown for products with different tax rate categories. For example, if you receive snuff products at the 1¢ and 2¢ tax rates, a line must be completed for each category.

- Column 6:** Under "NO. OF ITEMS OR SIZE OF PKG.":
- If **cigars**, show number in package. For example, show 5 for a pack of 5 cigars, 50 for a box of 50 cigars, etc. (Tax is based on the retail price.)
 - If **little cigars**, take the total number of little cigars. Divide this figure by 10. Round this figure **up** to the next whole number if it results in a fraction. Enter the results in column 6. (Tax is 4¢ for 10 or fractional part of 10.)
 - If **smoking tobacco** or **snuff**, show the number of ounces in the package or container **per single unit**. (Tax is based on weight.)
 - If **chewing tobacco**, show the **total weight** of the carton or case instead of the weight of the individual unit. (Show item's individual unit weight only if received as a unit.)
 - If **playing cards**, leave this column blank.
- Column 7:** Show the appropriate "RATE OF TAX" according to the tax rate schedule shown below. (*NOTE: For smoking tobacco and snuff, you must also show the tax rates based on ounces over 4 ozs. and 6 ozs. respectively. For example, if a smoking tobacco item weighs 6.5 ozs.; the rate of tax is \$0.39 (21¢ for the 1st 4 ozs. and 6¢ each for the 2 full ozs. and the .5 fractional part of an oz.).*)
- Column 8:** Show the "NO. OF PKGS." received. (*NOTE: If **chewing tobacco**, show the number of cartons/cases received. If chewing tobacco was not received as a carton or case, show the number of individual units.*) If **little cigars**, do not show anything in this column.
- Column 9:** To calculate the "TAX DUE":
- If **little cigars**, multiply column 6 times column 7.
 - If **cigars** or **chewing tobacco**, multiply column 6 times column 7 times column 8.
 - If **smoking tobacco** or **snuff**, multiply column 7 times column 8.

- Column 10:** Show the number of playing cards decks received.
Column 11: To calculate the "TAX DUE", multiply column 10 by \$0.10.
Line a. Total Tax – Add the TAX DUE amounts in each of columns 4, 9 and 11.
