CYNTHIA UNDERWOOD
Assistant Commissioner
LEWIS A. EASTERLY
Secretary

May 26, 2006

NOTICE

ALL LICENSED GASOLINE, AVIATION, AND MOTOR FUEL DISTRIBUTORS AND CARRIERS OF GASOLINE, AVIATION, AND MOTOR FUEL IN ALABAMA

Effective July 1, 2006, the National Fuel Diversion Registry phone-in diversion registration system currently utilized by the Department of Revenue will be replaced by the TRAC III web-based diversion registration system.

In order to register a diversion of fuel, go to www.trac3.net, click on "registration", enter requested company data (for the initial registration only) and follow the simple steps. The TRAC III database will maintain basic company name and address information for carriers and fuel marketers after the initial diversion registration. A drop-down box for Federal Terminal Code Numbers (TCN's) is provided to assist in diversion registration. Diversion registration information can easily be verified by selecting the "Confirm" option. The diversion of the fuel must be obtained prior to delivery of the fuel in Alabama.

The current National Fuel Diversion Registry phone-in diversion registry system will be operated simultaneously with the new web-based TRACII system for the month of June 2006, to allow for a one-month transition period. As of July 1, 2006, all diversions must be registered with the TRAC III system.
