3. Any owner of eligible Class III property, who has filed an application for current use valuation with the county assessing official on or before January 1, 2022, is eligible for current use application. The county assessing official will determine that the property on which the application is made is still owned by such applicant and meets the requirements for current use application.
4. Notice of current use value. The county assessing official shall notify the owners of Class III property of the current use values placed upon their property, and the owner has thirty days after receiving such notice to submit to the assessing official a statement outlining any errors in such current use valuation. The assessing official shall review such statement and determine whether the value satisfactorily represents the current use value of the property. The assessing official may require the owner to submit satisfactory evidence which will indicate the property soil group applicable to the property in question as provided in Title 40-7-25.1 (b)(c), Code of Alabama 1975.

Note: Notice is not required again for those owners of Class III who have applied for and have been granted current use valuation previously.

5. If any property for which a current use valuation has been approved is converted to any use other than that for which the application was filed, the tax assessing official shall revalue the property according to current market value as provided by Section 40-7-25.3, Code of Alabama 1975. The tax assessing official shall then base his appraisal on the then current market value assessing such property accordingly for purpose of collecting any taxes due thereon. After conversion, any rollback taxes that may be due shall be based on the sales price or the fair and reasonable market value of such property at the time of its conversion, whichever is greater, for the preceding three (3) ad valorem tax years.

Yours truly,

Jennifer Byrd, Director  
Property Tax Division
