## Introduction:

The Department of Revenue encourages electronic filing however we neither support nor recommend any software company. You must address technical and support issues with the company whose product you select.

### Types of Alabama Errors:

1. Rejected Acknowledgment: A “rejected acknowledgment” indicates that the electronic return was received and failed to successfully complete the pre-entry validation process.
2. Business Rule Error: The acknowledgement will contain an error rejection code number followed by a message indicating the condition causing the rejection.
3. Schema Validation Error: If the return is rejected due to a schema validation, only the schema validation error message will be displayed. This message will not contain an error rejection code number.

***Under certain conditions the rejected acknowledgment will contain both an error rejection code number and a schema validation error message.***

***\*\*PLEASE NOTE THAT DIAGNOSTIC ERRORS ARE PROGRAMED BY THE SOFTWARE VENDOR, IF YOU RECEIVE A DIAGNOSTIC ERROR PLEASE CONTACT YOUR SOFTWARE HELP DESK. IF THEY ARE UNABLE TO HELP YOU PLEASE REQUEST THAT A VENDOR REPRESENTATIVE CONTACT THE ADOR FOR HELP. \*\****

### When can a taxpayer file a paper return?

Please call the Alabama Department of Revenue to be approved to paper file. The software vendor does NOT have the authority to approve paper filing.

In order for the paper return to be considered timely it must be filed by the later of the due date of the return or ten (10) calendar days after the date Alabama gives notification the return is rejected.

### If mailing in an e-file return please include the following:

1. A copy of the reject notification from Alabama.
2. A signed copy of the Form AL8453-FDT (Fiduciary Income Tax Declaration for Electronic Filing) to avoid late filing penalties and interest.
