- (1) a. Upon every person, firm, or corporation (including the state, the University of Alabama, Auburn University and all other institutions of higher learning in the state, whether such institutions are denominational, state, county or municipal institutions, any association or other agency or instrumentality of such institutions) engaged or continuing within the town in the business of selling at retail any tangible personal property whatsoever, including merchandise and commodities of every kind and character (not including, however, bonds or other evidences of debts or stocks, nor sales of material and supplies to any person for use in fulfilling a contract for the painting, repair, or reconditioning of vessels, barges, ships, other watercraft and commercial fishing vessels of over five tons load displacement as registered with the U.S. Coast Guard and licensed by the state department of conservation and natural resources), an amount equal to three percent of the gross proceeds of sales of the business, except where a different amount is expressly provided herein. Provided, however, that any person engaging or continuing in business as a retailer and wholesaler or jobber shall pay the tax required on the gross proceeds of retail sales of such business at the rates specified, when his books are kept so as to show separately the gross proceeds of sales of each business, and, when his books are not so kept, he shall pay the tax as a retailer, on the gross sales of the business.
- b. Where any used part, including tires of an automotive vehicle or a truck trailer, semitrailer, or house trailer, is taken in trade, or in a series of trades, as a credit or part payment on the sale of a new or rebuilt part or tire, the tax levied herein shall be paid on the net difference; that is, the price of the new or used part or tire sold, less the credit for the used part or tire taken in trade, provided, however, this provision shall not be construed to include batteries.
- (2) Upon every person, firm, or corporation engaged or continuing within this town in the business of conducting or operating places of amusement or entertainment, billiard and pool rooms, bowling alleys, amusement devices, musical devices, theaters, opera houses, moving picture shows, vaudeville, amusement parks, athletic contests, including wrestling matches, prize fights, boxing and wrestling exhibitions, football and baseball games (including athletic contests, conducted by or under the auspices of any educational institution within this state, or any athletic association thereof, or other association, whether the institution or association is a denominational, state, county, or municipal institution or association or a state, county, or city school, or other institution, association or school), skating rinks, race tracks, golf courses, or any other place at which any exhibition, display, amusement, or entertainment is offered to the public

or place where an admission fee is charged, including public bathing places, public dance halls of every kind and description within the state, an amount equal to three percent of the gross receipts of any such business; provided, however, notwithstanding any language to the contrary in the prior portion of this article, the tax provisions so specified shall not apply to any athletic event conducted by a public or nonpublic primary or secondary school or any athletic event conducted by or under the auspices of the Alabama High School Athletic Association. The tax amount, which would have been collected pursuant to this subdivision, shall continue to be collected by the public or nonpublic primary or secondary school, but shall be retained by the school which collected it and shall be used by the school for school purposes.

- (3) Upon every person, firm or corporation engaged or continuing within the town in the business of selling at retail machines used in mining, quarrying, compounding, processing and manufacturing of tangible personal property an amount equal to one percent of the sales price of any such machine; provided that the term "machine," as herein used, shall include machinery which is used for mining, quarrying, compounding, processing or manufacturing tangible personal property, and the parts of such machines, attachments and replacements therefor, which are made or manufactured for use on or in the operation of such machines and which are necessary to the operation of such machines and are customarily so used.

Upon every person, firm or corporation engaged or continuing within the town in the business of selling at retail any automotive vehicle or truck trailer, semitrailer or house trailer, or mobile home set-up materials and supplies, including, but not limited to, steps, blocks, anchoring, cable pipes and any other materials pertaining thereto, an amount equal to one percent of the gross proceeds of sales of said automotive vehicle or truck trailer, semitrailer or house trailer, or mobile home set-up materials and supplies; provided, however, where a person subject to the tax provided for in this subdivision withdraws from his stock in trade any automotive vehicle or truck trailer, semitrailer or house trailer for use by him or by his employee or agent in the operation of such business, there shall be paid, in lieu of the tax levied herein, a fee of \$5.00 per year or part thereof during which such automotive vehicle, truck trailer, semitrailer or house trailer shall remain the property of such person. Each such year or part thereof shall begin with the day or anniversary date, as the case may be, of such withdrawal and shall run for the 12 succeeding months or part thereof during which such automotive vehicle, truck trailer, semitrailer or house trailer shall remain the property of such person.
- b. However, in no case shall the amount of state sales tax due on a motor vehicle that will be registered or titled for use in another state exceed the amount of sales tax that would otherwise have been due in the state where the vehicle will be registered or titled for first use. The tax collected under this export provision shall be state sales tax and shall exclude county and town sales tax. On January 1, 2016, and each January 1 thereafter, the state department of revenue shall publish to the state's website a list of states that do not allow drive-out provisions to state residents. Should the list, required by this subsection and relied upon by the taxpayer, be incorrect, the taxpayer shall be relieved from the liability concerning the miscollection of the state automotive sales tax. Sales of all other vehicles such as mobile homes, motor bikes, all-terrain vehicles, and boats do not qualify for the export exemption provision and are taxable, unless the dealer can provide factual evidence that the vehicle was delivered outside of the state or to a common carrier for transportation outside of the state. In order for the sale to be exempt from state tax, the information relative to the exempt sale shall be documented on forms approved by the revenue department.

in trade or in a series of trades as a credit or partial payment on a sale of a new or used machine, machinery, or equipment, the tax levied herein shall be paid on the net difference; that is, the price of the new or used machine, machinery, or equipment sold, less the credit for the used machine, machinery or equipment taken in trade.

- (6) Upon every person, firm or corporation engaged or continuing within the town in the business of selling through coin-operated dispensing machines, food and food products for human consumption, not including beverages other than coffee, milk, milk products and substitutes therefor, there is hereby levied an amount equal to three percent on the cost of such food, food products and beverages sold through such machines, which cost for the purpose of this subsection shall be the gross proceeds of sales of such business.

ARTICLE VII. MOTOR FUEL DELIVERY TAX

Local Tax
Self Adm

Sec. 18-164. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Distributor means any business, legal entity, association, trust or person who acquires motor fuel from a supplier in Alabama for subsequent sale at wholesale.

Gallons means the total volume of a product, exclusive of any temperature or pressure adjustments, considerations, or deductions, stated in U.S. gallons.

Motor fuel includes gasoline, naphtha, diesel fuel, bio-diesel, blended fuel, liquefied gas, and any other inflammable liquid or substance that is advertised as, offered for sale as, suitable for use as, or used as fuel for the propulsion of a motor vehicle on the public highways in the state. The term "motor fuel" shall not include kerosene oil, fuel oil, or crude oil which is more commonly used for heating, lighting, or industrial purposes, unless such products are blended with diesel or other products to cause them to be suitable for motor vehicle use. The term "motor fuel" shall also not include fuel specially designed for use in the operation of aircrafts and which is sold for aviation purposes.

Sec. 18-165. Tax imposed.

(a) A tax is hereby imposed on each gallon of motor fuel that is delivered into the corporate limits of the town by a distributor in an amount equal to \$0.03 per gallon.

(b) A tax is hereby imposed on each gallon of motor fuel that is delivered into the police jurisdiction, but outside of the corporate limits, of the town by a distributor in an amount equal to \$0.015 per gallon.

Sec. 18-166. Monthly tax return.

Each distributor shall, on or before the 20th day of each month, file with the town revenue department a motor fuel tax return on a form required by the town that contains the following data:

- (1) The total quantity, in gallons, of all motor fuel delivered by such distributor into the corporate limits of the town during the preceding month, and from this amount, the total quantity of taxable and exempt deliveries; and
- (2) The total quantity, in gallons, of all motor fuel delivered by such distributor outside of the corporate limits but within the police jurisdiction of the town during the preceding month, and from this amount, the total quantity of taxable and exempt deliveries.

For any deliveries which the distributor alleges to be exempt, the distributor shall attach such statements, documents, and evidence to their filing and return to justify and explain their claim of an exemption.

Sec. 18-167. All distributors must have a business license.

All distributors must hold a valid town business license. It shall be unlawful for any distributor to make any sales or deliveries of motor fuel in the corporate limits or police jurisdiction of the town without first having obtained a business license from the town, including any distributors who do not have a place of business within the corporate limits or police jurisdiction of the town.

Sec. 18-168. Tax cumulative.

This motor fuel tax established and levied under this article is in addition to and cumulative of all business privilege licenses, franchise fees, sales taxes, use taxes and other sums of money of any nature otherwise due to be paid to the town.

Sec. 18-169. Payment due date.

The motor fuel tax established and levied under this article is due and payable to the town revenue department no later than the twentieth day of each calendar month for all taxable motor fuel deliveries made during the preceding month. Payment shall accompany the distributor's monthly tax return. In addition to any other amounts then due, a distributor who fails to timely pay some or all of the motor fuel tax owed under this article shall also pay the town a default penalty equal to 20 percent of the amount of the delinquent tax owed.

Sec. 18-170. Penalties for violations.

Any distributor failing or omitting to pay all such motor fuel taxes when due, or failing or omitting to timely file an accurate and complete monthly tax return, as required by this article shall be guilty of an offense against the town, and such offense shall be deemed a continuing offense for each day that the distributor remains in default which shall constitute a separate offense. Punishment for each such offense shall be a maximum fine of \$500.00 per offense, and shall constitute good cause for the mayor and council to suspend or revoke a distributor's business license.

Sec. 18-171. Duty to furnish information.

Upon demand by the town clerk or a town revenue department representative, or their authorized representatives, all such information as may be required to prove the correct amount of tax to which any person is subject shall be furnished to the town, and it shall be the duty of such person, upon such demand, to submit to the town for inspection and examination, all books of account, invoices, papers, reports and memoranda containing entries showing the amount of purchases, sales, receipts, deliveries, transfers, exchanges, inventory and other information from which the correct amount of tax may be determined.

Sec. 18-172. Pumps must be metered.

It shall be the duty of every distributor to have a meter in good working order on each tank and on each pump which is used to make or accept deliveries of motor fuel and/or which is used to dispense motor fuel. It shall further be the duty of every distributor to keep and maintain accurate records of the readings of the meters and of their transactions so as to enable the distributor and the town to audit and verify that the distributor's statement of activity and tax return and to verify that the distributor's tax remittance under this article is in the correct amount.

Sec. 18-173. Exemption for subsequent deliveries of motor fuel already taxed.

The motor fuel tax established by this article is owed in connection with the first time a motor fuel gallon enters the police jurisdiction or corporate limits of the town, and if the motor fuel tax has already been received by the town, any subsequent re-deliveries of that same motor fuel gallon will be exempt from further taxation under this article unless such subsequent re-delivery causes the motor fuel to be moved from the police jurisdiction to the corporate limits for the first time in which event the distributor responsible for the subsequent re-delivery into the corporate limits shall be liable for the additional tax owed hereunder.

Sec. 18-174. Other exemptions.

Any distributor who is delivering motor fuel to the United States, the state, the county, the town, or any of their departments or agencies shall be exempt from paying the motor fuel tax under this article on such deliveries.

Sec. 18-175. Proceeds of tax deposited in general fund.

The proceeds derived from the motor fuel tax levied in this article shall be placed in the general fund of the town subject to appropriation by the mayor and council for any lawful purpose of the town.
