Change of Place of Business

When a person has obtained a license to engage in or carry on any business, employment, or profession at any definite place in the county or city in Alabama and desires to remove to any other place within the same county or city where the license was granted and wishes his license altered accordingly, the probate judge who originally issued such license shall make such alteration, which alteration shall be shown on the license records of the probate judge's office; provided, that no license shall be altered to change a place of business to a location requiring a higher license than originally paid.

§40-12-2

Issuance; Form of License; Levy of County Tax; Actions for Recovery of Tax

- (a) Before any person, firm, or corporation shall engage in or carry on any business or do any act for which a license by law is required, he, they, or it, except as otherwise provided, shall pay to the judge of probate of the county in which it is proposed to engage in or carry on such business or do such act, or to the commissioner of licenses or the State Department of Revenue, as specified, the amount required for such license and shall comply with all the other requirements of this title.

- (b) Upon the payment of the amount for said license and a fee of \$1.00 herein provided for the issuance of such license and all costs and fees and penalties which shall have accrued, or which such person, firm, or corporation shall have become liable in any proceedings commenced for the collection of such license, or to enforce payment thereof, such probate judge, commissioner of licenses or Department of Revenue shall issue the license properly countersigned, in the form and on the blank to be furnished by the Comptroller, which shall set forth and specify the name of the person, firm, or corporation applying therefor, whether the business, profession, or occupation for which the license is procured is owned by an individual, partnership, corporation, or other association, stating the name of the individual, the name of each of the partners if a partnership, the exact name of the corporation or association, if a corporation or association, and the name of each of the principal officers thereof, the business or act which it is proposed to carry on or do thereunder, the name of the street or location where it is proposed to carry on the same, if such location shall be in a city or town and have a street number and, if not, then the location and amount paid for such license, and the time for which it is issued; and if the license is for a peddler it shall state whether he proposes to travel on foot or on horseback or on wagon or motor vehicle; provided, that the governing body of any county may furnish application blanks in such form that the applicant for a license may supply the above information in writing; and such license shall not be transferable except as otherwise provided herein, nor shall it entitle the holder thereof to carry on any other business or do any other act than that named therein.
- (c) Whenever a license is levied in this title, there shall be collected both a state and county license for each place of business, except as specifically otherwise provided. (Note: Where both a state and county amount is due, the total for both is shown as the license amount.)
- (d) In case it should become necessary to remove any business for which a license is required by this section from one location to another location in the same county, and such business is continued as the same kind and character and by the same person or firm as that carried on at the former location, another license shall not be required for such business for the same license year.
- (e) There is hereby levied for the use and benefit of and to be paid to the county in which the license is issued, in addition to all license taxes levied under the provisions of Article 2 of this chapter, for state purposes and which are payable to the judge of probate or commissioner of licenses, a sum equal to 50 percent of the amount levied for state purposes, except as otherwise specifically provided. (Note: The total amount due for state and county is shown as a single amount in this handbook.)
- (f) Any action to recover the amount due for any license, whether levied solely for state purposes or for state and county purposes, shall be instituted by the State of Alabama and may include all penalties and fees due by any person, in addition to the amount due for such license and interest thereon. The amount recovered in any such actions shall be paid to the State Department of Revenue, and if any portion of said license was levied for county purposes, such portion shall be remitted to the county in which such license was payable, and the department may from the amount of any penalties or fees thus recovered remit the amount, if any, due to the judge of probate, commissioner of licenses or license inspector.

§40-12-3

Collection and Distribution Where Both State and County License Tax Levied

Whenever, by virtue of the provisions of subsection (d) of Section 40-12-2, or the provisions of Article 2 of this chapter, both a state and county license are levied, the authority charged with the duty of collecting such licenses shall continue to collect the same, and of the total amount collected for such state and county licenses, he shall distribute one half thereof to the state and one half thereof to the county, any other provision of law to the contrary notwithstanding.

**§40-12-8
False Affidavits or Certificates**

Any person who shall knowingly make any false affidavit or certificate in connection with the ordering or procuring of a license to carry on any business or do anything in this state for which a license is required shall be guilty of a misdemeanor and, upon conviction, when the offense is not otherwise specifically provided for, shall be fined not less than \$100 nor more than \$1,000 and, at the discretion of the court, may be sentenced to hard labor for the county not to exceed six months as additional punishment.

**§40-12-9
Penalty for Failure to Take Out License; Selling Throughout State Under One License**

- (a) It shall be unlawful for any person, firm, or corporation to engage in or carry on any business, or do any act for which a license is required now or may hereafter be by law, without having first paid for and taken out a license therefor in the manner in this title provided. Any person who is convicted of failing to take out and pay for the license required shall be fined not less than the amounts of all licenses required of him and, if convicted for refusing to take out the license shall, on conviction, be fined not less than the amount of the state and county license due by him and not more than \$100 in addition thereto, and may be sentenced to hard labor for the county for not more than six months, all fines to be paid in money; and when collected, two-thirds shall be paid to the state and one-third to the county.
- (b) No person shall be allowed the privilege of selling throughout the state under one license except by special provisions of law.

**§40-12-10
License Inspectors Generally; When Taxes Due and Payable;
Collection and Distribution of Penalties and Citation Fees on Delinquent Licenses**

- (a) The county commission of each county is hereby authorized and empowered to appoint a license inspector.
- (b) It shall be the duty of the license inspector to scrutinize the records and stubs kept in the office of the probate judge and also to examine the license records of each city or town located in the county or counties of which he has been appointed license inspector; and, if it shall be reported to any license inspector or come to his knowledge that any person, persons, firms, or corporations have failed or refused to take out license for a business or occupation for which a license is required by the state or have failed or refused to take out a license for operating any motor vehicle or trailer for which a license is required by law, the license inspector shall thereupon cite such delinquent to appear before the license inspector at the courthouse of the county in which such citation is issued and show cause why the license or privilege tax required by law has not been paid and, at the same time, shall file with the probate judge of the county a copy of such citation showing service on the delinquent.
- (c) If the license inspector shall discover any motor vehicle being operated without a proper or legal license, he shall cite the operator of the motor vehicle; and, in filing copy of such citation with the probate judge, he shall show on such citation the particular motor vehicle operated without legal license, as well as the operator thereof.
- (d) The probate judge must in all cases, in addition to the other penalties required to be collected by him, collect the citation fee, if any, before issuing any license; and, in case of a motor vehicle where a license is taken out in the name of person not cited, the citation fee shall be collected if the citation filed shows the motor number of such vehicle. When any license is due the license inspector shall cause the delinquent to appear before the probate judge of the county and take out the same, but such probate judge shall not have the authority to determine the liability of such delinquent for such license and shall in each case issue a license to the applicant upon the payment by him of the amount or amounts prescribed by this title. If such delinquent shall fail or refuse to take out a license, the license inspector shall institute or cause to be instituted criminal proceedings

against such delinquent before any court having jurisdiction of such offense. In case of emergency the license inspector must commence the criminal proceedings in the first place.

- (e) All license taxes levied by this title, except as otherwise provided, shall be due and payable as of October 1 of each year and shall be delinquent November 1 thereafter. Where any license issuable by the probate judge or commissioner of licenses shall be delinquent, the same shall be subject to a penalty of 15 percent of the amount of the license, which penalty must be collected by the probate judge or commissioner of licenses when the license is taken out together with interest at six percent from the date of delinquency; provided, that the penalty for delinquency in payment of motor vehicle licenses shall in no case be less than \$1.50.

Interpretations

- In order to avoid the penalty for delinquency, licenses purchased on or after November 1st must be purchased prior to conducting business operations during the license year. A business which does not operate until after November 1st (i.e. a seasonal business) will not be subject to the penalty if the license is purchased prior to conducting any operations in that year.
- (f) It shall be unlawful for any probate judge or other officer to fail to collect such penalties when issuing such license.
- (g) The probate judge, in remitting such penalties, shall file report with the county commission, Comptroller, and with the Department of Revenue showing the amount of such penalties collected, from whom, and for what collected, and he shall remit to the county general fund all penalties collected. The probate judge shall remit to the county general fund all citation fees collected where the citation was served by the license inspector or his deputy.
- (h) If a criminal prosecution shall be commenced either by affidavit and warrant, or information or indictment, 44 percent of the fine or penalty thereafter imposed in the case shall be paid to the county general fund. The remainder shall be paid to the Treasury of the state.
- (i) The county commission may appoint deputy license inspectors, and the acts of such deputies shall be recognized as the acts of the license inspector.
- (j) All citations to delinquents shall be served by any lawful officer or by the license inspector or his deputy for which a fee of \$1.50 for each citation served shall be taxed against the delinquent.
- (k) License inspectors shall have the same power to arrest persons violating the revenue laws of the state as is now vested in the sheriffs of the state and shall receive the same fees for such service.
- (l) The Department of Revenue shall keep a record by counties in which, each month, shall be entered the number of licenses issued by the probate judge for each and every business or occupation for which a state license tax is required, and such record may be compared each month with the number of licenses issued by cities and towns for the same business or occupation.
- (m) The license inspector shall be required to report to the Department of Revenue the reason for the failure to collect any licenses due the state which may be evidenced by the comparison of the report of the probate judge and the report made of licenses issued by cities or towns.
- (n) It shall be the duty of the county commissions of the several counties to supply the license inspector with necessary citation blanks and other necessary forms to be paid for by the county.
- (o) The county commission shall fix and pay the salary of the license inspector and his deputies and the expenses of his office.

- (p) The provisions of this section shall not repeal, modify, or prohibit any presently existing or future local act or general act of local application affecting the office of license inspector or which establishes any office or position which encompasses the duties of license inspector in any county.

§40-12-11

Bonds of License Inspectors

Before entering upon the duties of their office, all license inspectors shall execute to the State of Alabama a bond, to be approved by the Governor, in amounts to be fixed by the Department of Revenue, for the faithful performance of their duties.

§40-12-12

License to Designate Place of Business

Every license granting authority to engage in or exercise any business, employment, or profession, unless expressly authorized elsewhere or otherwise, shall designate the place of such business, employment, or profession at some specified house or other definite place within the county of the probate judge granting it. Engaging in or exercising any such license, business, employment, or profession elsewhere than at such house or definite place, unless expressly authorized elsewhere or otherwise by law, shall be held to be without license. A license which does not specify such house or definite place where business, employment, or profession is limited thereto by law shall be void.

§40-12-13

Engaging in Several Businesses

Where any person, firm, or corporation is engaged in more than one business which is made by the provisions of law subject to taxation, such incorporated company or person shall pay the tax provided by law on each branch of the business.

§40-12-14

Two or More Licenses on Same Business

Wherever in this title two or more licenses on the same business or occupation are required, it is hereby declared to be the intention of the Legislature that all such licenses as are herein levied shall be collected without credit or offset, except where specific provision is made therefor.

§40-12-15

License Deemed a Personal Privilege; Transferability

- (a) Every license shall be held to confer a personal privilege to transact the business, employment, or profession which may be the subject of the license and shall not be exercised except by the person, firm, or corporation licensed, unless specifically authorized by law to do so.
- (b) When a business or privilege for which such license is issued is, under actual sale, transferred to a new ownership, a transfer of license may be effected by application to the probate judge originally issuing such license and the payment of a fee of \$1.00.

§40-12-16

Sworn Statements of Amount of Capital, Value of Goods, Stock, etc.

In all cases where the amount to be paid for license depends upon the amount of capital invested, the value of the goods or stock, the amount of sales or receipts, or any other fact or condition hereinbefore recited, it shall be the duty of the person applying for such license to render to the probate judge a sworn statement of the amount of the capital invested, of the value of the goods or stock or amount of sales or receipts, and to make under oath such further proof or affidavit as may be required by the probate judge to determine the character of the license and the amount to be paid for the same.

§40-12-17

Population of Municipality as Determining Tax

Whenever this title fixes a license for a business or occupation which is located without the corporate limits of an incorporated municipality but within a fixed distance of such municipality and fixes the amount of the license by the population of such municipality, in the event there is more than one municipality within such distance of the location of such business, then the amount of the license shall be that which is provided for by the nearest municipality.

§40-12-18

Penalty on Agents of Persons, Firms, etc., Who Have Not Paid Tax

Any person who acts as agent for any person, firm, or corporation liable to the payment of a license or privilege tax, without said license or privilege tax having been paid, shall on conviction be fined in a sum equal to the state and county license, and not more than \$100 in addition thereto, and may also be sentenced to hard labor for the county for not more than six months.

§40-12-19

Duty of Department of Finance to Prepare Forms of Licenses

It shall be the duty of the Department of Finance to prepare and have printed suitable forms of licenses and as often as need be to furnish to the several probate judges blank licenses signed by the director sufficient for the probable wants of their respective counties, taking their receipts for the same. Each such blank shall have a stub attached thereto, on which shall be printed such matter as the Department of Finance may prescribe, with appropriate blank spaces to be filled in by the probate judge upon the issuance of any license. The Department of Finance shall take and file in the director's office a proper receipt from the probate judge for the blank licenses furnished him.

§40-12-20

License and Stub Must Correspond

Upon the issuance of any license the probate judge must, before detaching the license from the stub, fill up the blank spaces in the stub to correspond in all respects with license as issued and sign his name thereto.

§40-12-21

Records to be Kept by Probate Judge

The probate judge shall keep in a book prepared for that purpose an accurate account of all licenses received by him from the Department of Finance, and of the disposition made of them, and of all money received from the licenses issued by him, and make report thereof to the Department of Finance within ten days after the expiration of the fiscal year, at which time he shall return to the Department of Finance all unused licenses and stubs, or account to the Department of Finance for all unused licenses, and shall also return to the Department of Finance the stubs of all licenses issued by him, and the probate judge shall on demand of the Department of Finance, at any time, exhibit to him or to any agent appointed by the Department of Finance for that purpose such license record and the original of all license then remaining in his hands and all stubs of licenses issued.

§40-12-22

Disposition of Moneys by Probate Judge

Within 20 days after the end of each month, the probate judge must remit to the State Treasurer at the expense of the state all money received by him for licenses belonging to the state and pay to the county treasurer all the money received by him for licenses belonging to the county, and within the same time the probate judge shall forward to the Comptroller and to the Department of Revenue each certified list of all licenses issued by him, stating thereon for what business issued, amount collected for each license, from whom collected, and the date of such collection; and if no licenses have been issued, he shall report that fact; provided, that for the months of October, November and December of each calendar year, the probate judge shall be granted an additional period of 10 days in which to make the remittance and certification of lists above specified and for such months shall be required to make such remittances and certification of lists within 30 days after the end of each of such months. The probate judge shall be entitled to receive five percent of the amount of money collected for licenses due the state, which he may deduct from his remittance to the State Treasurer, and he shall be entitled to the same amount as compensation for collecting licenses due the county, which amount he may deduct from the payment made by him to the county treasurer, but he shall not be allowed any commission on any money not remitted by him within 20 days from the end of the month, except as otherwise provided herein with reference to the months of October, November and December of each calendar year, for which months the probate judge shall be entitled to the commissions herein provided if such remittances be made within 30 days after the end of each such months. If the probate judge fails to comply with the provisions of this section within five days after the date on which he is required to make such report and to remit the money collected by him, the Comptroller shall forthwith report the fact to the Governor, who shall cite such probate judge to show why he has not made report of the lists of licenses and paid over the amount collected by him as required by law, and if such probate judge fails to show sufficient cause for such failure, the Governor shall direct the Attorney General to institute impeachment proceedings against him before the Supreme Court.

§40-12-23

Applications for Refunds; Additional License

- (a) Any person who by a mistake of fact or law has paid to the probate judge or the commissioner of licenses money that was not due from him for a license or an amount in excess of that required by law for the business or occupation to be carried on by such persons under the license shall be entitled to have refunded the money incorrectly paid, less the issuance fee and commission retained by the probate judge or the commissioner of licenses.
- (b) Any petition for refund pursuant to subsection (a) shall be filed directly with the department within the time allowed for refunds in Chapter 2A of this title, and thereafter shall be administered as provided for other refunds in Chapter 2A of this title.
- (c) In case of the issuance of a license for less than the amount due therefor, upon the payment of the additional amount due for such license an additional license may be issued, in such manner as to allow credit for the amount previously paid by the licensee, and there shall be endorsed on the face of such additional license the words "Additional to License No. _____."

§40-12-24

**Department of Revenue to Certify Refund;
State Comptroller and County Commission to Draw Warrants Payable to Applicant**

If the petition for refund allowed by Section 40-12-23 is approved, in whole or in part, the department shall certify the amount which it approves to be refunded by the state and county. The state comptroller shall draw a warrant payable to the applicant for the amount of the refund to be made by the state, and the county commission of the county in which such payment was made shall draw a warrant upon the county treasurer or county treasury payable to the applicant for the amount to be refunded by such county. Claims for refund hereunder shall not be subject to assignment, except assignments resulting by operation of law.

§40-12-25
License for Part of Year

Unless otherwise provided, if any business licensed by this title shall commence after the April 1 in any year, the amount of the license or privilege tax shall be one half of the year's license or privilege tax. In all other cases the license shall be taken out for the full term of one year, unless a shorter term is fixed by the provisions of this title. In all cases where the amount of license is rated according to the population of the town, city, or county, the population of such town, city, or county as fixed by the last preceding United States census shall govern.

📖 Interpretations

- The half-year license applies only to new businesses commencing operations after April 1st of a given year. Renewal licenses will carry the full year's fee even if no operations are conducted from October 1st to April 1st (i.e. for seasonal businesses).
- Half-year license fees are only to be charged when an annual license amount is stated. License amounts which are stated as monthly, weekly or daily amounts are not to be reduced.

§40-12-26
Due and Delinquent Date; Term of License

Except as otherwise provided, all licenses or privilege licenses payable hereunder shall be due on October 1 of each year and shall be for one year ending, September 30 following, and shall be delinquent on November 1 of each year.

📖 Interpretations

- In order to avoid the penalty for delinquency, licenses purchased on or after November 1st must be purchased prior to conducting business operations during the license year.

§40-12-27
Each Day's Violation a Separate Offense

If the law annexes a penalty for each or every violation of its provisions, or for each separate offense, it shall be lawful to hold that each day's continuance in the exercise of any business, employment, or profession, for which a license is required, constitutes a separate offense.

§40-12-28
Disposition of Proceeds of Funds from Licenses Pertaining to Timber or Timber Products

All occupation license or privilege taxes imposed by the state for engaging in any business dealing with timber or timber products shall be paid into the conservation fund of the Department of Conservation and Natural Resources.

§40-12-29
Additional Penalty for Failure to Comply with Articles 8 and 9 of This Chapter

In addition to the criminal penalty provided by Sections 40-12-400 and 40-12-424, any person who willfully fails to comply with the provisions of Article 8 and Article 9 of this chapter shall for each such failure be subject to a penalty of not less than \$500 nor more than \$1,000.

§40-12-30

Department of Revenue Authorized to Promulgate Rules and Regulations

- (a) The Department of Revenue is hereby authorized to promulgate reasonable rules and regulations relating to the administration and enforcement of the provisions of this act and those other provisions of this chapter relating to the licensing of automobile and other motor vehicle dealers not in conflict with the specific provisions hereof.
- (b) Every applicant for a new license and renewal issued pursuant to Articles 2, 6, 8, and 9 of this chapter 12 shall provide to the issuing agent the applicant's federal employer identification number or, if the applicant is a sole proprietorship and does not possess same, the applicant's Social Security number. The federal employer identification number or Social Security number shall be included with the license information reported to the department by each county.
- (c) All business privilege license application information for new licenses and renewals shall be transmitted electronically to the department by the probate judge or other county licensing official in a manner as prescribed by the department.

**§40-12-46
Air-Conditioning Plants and Equipment**

Each person engaged in the business of selling or installing air-conditioning plants or equipment which use or require the use of water connections shall pay, in the county in which is located his principal office, an annual privilege tax of:

License Amount	Fee	Total
\$150.00	\$1.00	\$151.00

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

provided, that in each other county in which such person engages in the business of selling or installing such air-conditioning plants or equipment, he shall pay a license tax of:

License Amount	Fee	Total
\$15.00	\$1.00	\$16.00

provided further, that no person subject to the provisions of this section shall be required to pay the license levied hereunder in any county other than where he maintains a regular and established place of business for the purpose of selling or installing such air-conditioning plants or equipment.

Any person other than those persons licensed under paragraph one hereof engaged in the business of selling or installing air-conditioning plants or equipment which do not use or require the use of water connections shall pay an annual state privilege license tax for each place of business as follows:

City Population	License Amount	Fee	Total
100,000 or more	\$45.00	\$1.00	\$46.00
50,000 and less than 100,000	30.00	1.00	31.00
10,000 and less than 50,000	15.00	1.00	16.00
Is in places of less than 10,000 whether incorporated or not	7.50	1.00	8.50

As used in this section the term "air-conditioning" means the artificial lowering or raising of temperature or the supplying of fresh air by artificial methods.

Upon the payment of the license prescribed by Section 40-12-84, a contractor who installs air-conditioning plants or equipment shall not be required to pay the license prescribed by this section, nor shall any person who has paid the license prescribed by this section, who accepts contracts only for the installation of air-conditioning plants and equipment and no other type of construction work be required to pay the license prescribed by Section 40-12-84.

Interpretations

- Section 46 is needed, in **all** cases, by persons **selling** air-conditioning plants/equipment. A company which has Section 46 does not need Section 84 to install a/c units, but does need Section 84 for other contract work.
- For one who only installs air conditioning and heating units (does not sell them), and does no other type of contract work, either Section 46 or Section 84 is sufficient.
- For contracts unrelated to sales and/or installation of a/c and heating units, Section 84 is required. A company which has Section 84 does not need Section 46 for **installation** of a/c equipment, but does need Section 46 to **sell** a/c units.
- A company which only repairs air conditioning units ("A" Coil, compressor, fan motor, etc.) at the customer's location, and which does not have a shop for making such repairs, does not need a license (46, 84, or 97). However, if the repairs are performed at the company's repair shop, then Section 97 is required.
- Per Section 34-31-24(a)(4) of the Code of Alabama 1975, *"No official charged with the duty of issuing licenses to any individual, partnership, or corporation to operate a business as a certified contractor shall issue such license unless there is presented for inspection a certificate of qualification as provided for herein issued by the Board to the individual or to some person in responsible charge with the partnership or corporation."* Therefore, you must view the card issued by the Alabama Board of Heating, Air Conditioning and Refrigeration prior to issuing the contractor licenses.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

5,000 or less	37.50	1.00	38.50

No license shall be paid under this section by any town or city which itself owns and operates an amusement park.

If business is conducted as a firm or as a corporation in which more than one lawyer is engaged, each lawyer shall pay such license tax, but no lawyer shall be required to pay a license tax until the first day of October following admission to the bar. The license tax shall be paid to the Secretary of the Board of Bar Commissioners of the Alabama State Bar. The funds collected for the issuance of the license tax levied shall constitute a separate fund to be disbursed on the order of the Board of Commissioners of the Alabama State Bar. As soon after the first day of each November as practicable, the Secretary of the Alabama State Bar shall certify to the presiding judge of the circuit court having jurisdiction in the county the names of attorneys who have paid the license fee.
- (b) The license taxes shall be due and payable on October 1 of each year and shall be delinquent on the following November 1. If a license is delinquent, the Secretary of the Board of Bar Commissioners of the Alabama State Bar shall assess and collect a penalty of 15 percent of the amount of the license. The penalty shall be paid when the license is issued.
- (c) Section 40-12-10, relating to the collection and distribution of business license taxes shall not be applicable to license taxes provided in subsection (a).

Where any person has within his bottling plant or place of manufacture more than one bottling machine, then such person shall pay the license herein specified upon every such bottling machine or apparatus whether in actual operation or not; provided, that such bottling machine or apparatus is in an operating condition.

The person applying for such license shall file an application, under oath, stating the name, make, model of his machine, name and address of manufacturer, whether it is low pressure equipment or high pressure equipment, or otherwise, contents, capacity of bottles used, and giving its bottling capacity.

“Capacity” shall be based on the number of six and one-half ounce bottles that may be bottled per minute as rated by the manufacturer, or the number of such bottles that are bottled per minute as determined by inspection and actual count, whichever may be greater. Where the machine or apparatus used in the filling and bottling of products covered by this section is also used in the filling and bottling of dairy products, the “capacity” of such machine or apparatus shall be based upon the percentage of time such machine or apparatus is used in the daily operation for the bottling of the products covered by this section. - A “retail dealer” includes every person who “sells or stores or offers for sale” the articles enumerated. The license is on each place of business owned or operated by retail dealers.

Each wholesale dealer in cigars, cheroots, stogies, cigarettes, smoking tobacco, chewing tobacco, snuff, or any substitute therefor, either or all, shall pay one privilege license tax of:

The privilege license tax herein levied shall be in addition to the sales tax as provided in Section 40-25-2.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

If selling products in addition to tobacco products, he would need Section 172 and/or specific item licenses (wholesale), in addition to Section 73.
- Purchasing Section 172 does not authorize the dealer to sell any goods for which a higher license is required without the payment of the higher license. Section 172 is \$35.00 and \$5.00; Section 73 is \$105.00 and \$5.00.

**§40-12-74

for the reception and collection of such articles. (Acts 1935, No. 194, p. 256; Code 1940, T. 51, Section 487.)

Interpretations

- Coin-operated dry cleaning machines would be subject to the license under Section 75 and not Section 176.
- If doing both cleaning and pressing and laundering would be due both Section 75 and Section 118.
- Out-of-state firms receiving and collecting articles for cleaning, pressing, and dyeing in the state are liable for Section 75 for such reception and collection in each county of the state in which articles are received and collected. Likewise out-of-state firms receiving and collecting articles for laundry are liable for a license under Section 118 in each county in the state in which such articles are received and collected.

§40-12-78

This section shall not apply to local wood working plants or carpenter shops whose principal business is not the manufacturing of coffins or caskets and who make coffins for paupers for local governing bodies or for charity.

Interpretations

- A vault is not a coffin or casket. A manufacturer of vaults shall be required to obtain Section 87.
- Sections 78 and 79 do not exclude each other, and one could be licensed under both if he buys and sells and also manufactures (employing one or more persons).

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

1,000 and less than 7,000	30.00	1.00	31.00
In unincorporated places or towns of 1,000 or less	15.00	1.00	16.00

📖 Interpretations

- This includes funeral homes and any other casket dealers.
- An insurance company which places coffins/caskets in various funeral homes on consignment, to service their own insurance policies, which coffins and caskets may also be purchased by the various funeral homes for resale to their customer, may purchase one Section 79 for their place of business (insurance company location), provided such funeral homes are licensed under Section 79. Funeral homes which have Section 79, at which the insurance company places coffins or caskets on consignment would not constitute a place of business of the insurance company.

**§40-12-80
Collection Agencies**

Each collection agency shall pay the following license tax:

City Population	License Amount	Fee	Total
20,000 or more	\$150.00	\$1.00	\$151.00

This section shall not apply to any person who is excluded from the definition of the term "debt collector" under the federal Fair Debt Collection Practices Act, 15 U.S.C., §1692a (6).

📖 Interpretations

- The license is due for each place of business, and is based on the agency rather than number of agents who are employed by such agency.
- An out-of-state agency, soliciting accounts by letter and/or phone only, and having no agents in this state, does not need Section 80.
- If an out-of-state collection agency employs any agents in this state, they would be subject to Section 80. An agent can include but is not limited to, an employee of the agency, an attorney licensed in this state on retainer or retained on a special case by case basis, another agency located in this state acting in the behalf of the out-of-state agency or anyone located in this state acting in behalf of the out-of-state agency.
- No license is required when an agent enters the state solely for the purpose of soliciting clients.
- If a person contracts with different companies to repossess cars, and solicits claims for collection, then he is subject to Section 80.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

- A person who employs agents to repossess cars only is not subject to 80, but if the agent solicits claims for collection while repossessing them, then the person employing the agent would be liable for Section 80.
- A collection agency is defined in accordance with the definition provided by the Federal Fair Debt Collection Practices Act.

Fair Debt Collection Practices Act, 15 U.S.C., §1692a (6) – “The term “debt collector” means any person who uses any instrumentality of interstate commerce or the mails in any business the principal purpose of which is the collection of any debts, or who regularly collects or attempts to collect, directly or indirectly, debts owed or due or asserted to be owned or due another. Notwithstanding the exclusion provided by clause (F) of the last sentence of this paragraph, the term includes any creditor who, in the process of collecting his own debts, uses any name other than his own which would indicate that a third person is collecting or attempting to collect such debts. For the purpose of this Section 808 (6), such term also includes any person who uses any instrumentality of interstate commerce or the mails in any business the principal purpose of which is the enforcement of security interests.”

§40-12-81

Commission Merchants or Merchandise Brokers

Each commission merchant or merchandise broker shall pay one State license tax of:

License Amount	Fee	Total
\$37.50	\$1.00	\$38.50

Such payment shall be made in the county in which such commission merchant or merchandise broker maintains his principal place of business. Such license shall authorize such commission merchant or merchandise broker to do business in any county of the state without the payment of any further state or county license tax. The payment of the license tax in one county of the state as evidenced by the license certificate of the Probate Judge shall be sufficient.

🔍 Interpretations

- Definition – **Commission merchant** – has possession, but not title to the assets of another and sells them for the benefit of the owner. Commission merchants are responsible to the purchaser for delivery of title to the assets sold. The owner compensates the Commission Merchant for making the sale, and the purchaser may never know that he/she was not dealing with the owner.
- Definition – **Merchandise broker** – arranges a sale for the benefit of the owner without taking title or possession of the goods. He may be paid by either the buyer or the seller for arranging the transaction, and the seller has responsibility for delivery of title of the assets sold. This is frequently a regulated business, such as real estate, livestock, insurance, or securities.
- Only self-employed individuals or independent contractors can be licensed under this section. Individuals whose FICA is paid by the buyer or seller are employees (not self-employed) and would not need Section 81.
- Payment in one county will authorize you to do business in any county of the State of Alabama.
- A merchandise broker, but not a commission merchant, may be exempt from this license under interstate commerce. He must not represent any Alabama firms or out-of-state firm with goods stocked in Alabama. Goods must be shipped directly to purchaser by parcel post or common carrier. The broker cannot collect money for the sale, and there can be no delivery by private truck or company representative.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

§40-12-82

but this provision shall not apply to exhibitions or entertainments given in theaters when the owners or managers thereof have taken out licenses as owner or managers; and provided further, that this license tax shall not be charged for any lecture course given as part of the course of instruction in any educational institution; provided further, that the provisions of this section shall not apply to chautauquas, lecture lyceums, or exhibits held under the auspices of religious or charitable associations. 	License Amount	Fee	Total
Per month	\$45.00	\$1.00	\$46.00
Per week	22.50	1.00	23.50
Per day	7.50	1.00	8.50

🔍 Interpretations

- This license covers an event or performance. A single performance is covered under the \$15.00 license. If an event is continuous, the daily, weekly, or monthly charges apply.
- No half-year's license is available.
- A gym where charges are made on a monthly, weekly, or daily basis requires no license, except possibly a store license if selling t-shirts or merchandise.

§40-12-83

Conditional Sales Contracts, Drafts, Acceptances, etc.; Dealers In

(a) Each person engaged in discounting or buying conditional sales contracts, drafts, acceptances, notes, or mortgages on personal property shall pay an annual license tax as follows:

Capital Investment	License Amount	Fee	Total
500,000 and up	\$450.00	\$1.00	\$451.00
300,000 to 500,000	150.00	1.00	151.00
150,000 to 300,000	37.50	1.00	38.50
100,000 to 150,000	22.50	1.00	23.50
50,000 to 100,000	15.00	1.00	16.00
50,000 or less	7.50	1.00	8.50

the payment of which shall be sufficient to engage in business in any county of the state except the county in which the principal office is located, in which case the county license tax shall be one half of the above schedule.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

(b) Each person engaging in business of lending money on salaries or making industrial or personal loans shall pay an annual license tax of:

License Amount	Fee	Total
\$150.00	\$1.00	\$151.00

for each county in which he engages in business.

Interpretations

- This section does not cover savings and loans, banks and credit unions. These are regulated by the Banking Department (334-242-3452) and exempted by the Federal government. Loan companies are covered.
- Section 83(a) covers the discounting or buying of conditional sales contracts, etc. Automobile dealers financing their own cars are not to be licensed under this section; but, persons who purchase notes from an automobile dealer are engaged in the business of discounting and are subject to Section 83(a).
- Only applicants with a fixed place of business in state are to be licensed under Section 83(a), and only one license is needed to operate throughout the state, regardless of the number of branches or other locations. It is levied in the county where the principal office is located.
- The license fee is based on total capital employed statewide during a license year. Capital employed refers to the total amount of money loaned during the year, determined by looking at the face amounts of all conditional sales contracts, drafts, acceptances, notes or mortgages on personal property.
- Section 83(a) is based on capital being employed. If a business needs both 83(a) and 83(b), and if the licensee can show that in fact the capital investment in the areas of his business covered by Section 83(a) is effectively separated from the capital used in other aspects of his business, then the amount of such separate capital should be accepted as the measure of the license.
- Section 83(b) covers making business or personal loans. It is to be purchased in each county in which the applicant has one or more offices. If more than one office is operated under one name within a county, one license is sufficient; however, where different trade names are used then a license is required for each place of business having a different trade name or different ownership. For instance, if Mr. Brown has two loan companies in the same county and both are known as Brown Loan Companies, he would only pay for one license; however, if one of the places of business is known as Brown Loan Company and the other is Brown & Jones Loan Company or by some other trade name then he would have to purchase two current licenses, one for each place of business.
- Check-cashing establishments which charge a fee and agree to hold the check or defer presentment of the check until sufficient funds are in the customer's account will need Section 83(b).
- Licensing of Mortgage Brokers: Code of Alabama 1975, Section 5-25-4 states that no person shall transact business in this state directly or indirectly as a mortgage broker unless he or she is licensed as a mortgage broker by the Banking Department (334-242-3452). There is an occupational tax administered by Corporate Tax.

§40-12-84

Construction Companies or Contractors

Any person, firm, or corporation accepting orders or contracts for doing any work on or in any building or structure requiring the use of paint, stone, brick, mortar, wood, cement, structural iron or steel, sheet iron, galvanized iron, metallic piping, tin, lead, electric wiring, or other steel, or any other building material, or accepting contracts to do any paving or curbing on sidewalks or streets, public or private property, using asphalt, brick, stone, cement, wood or other composition, or accepting orders for or contracts to excavate earth, rock, or other material for foundations or any other purpose, or accepting orders or contracts to construct any sewer of stone, brick, terra cotta, or other material, or accepting contracts to construct highways, bridges, dams, or railroads, shall be deemed a contractor. Every contractor shall procure from the Probate Judge of the county in which he has his principal office a license to carry on the business of a contractor; provided, that if such contractor has no such office in this state, then he shall

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

procure such license from the Probate Judge of the county where the contract is to be performed. Every such contractor shall pay a license tax to be ascertained on the basis of the gross amount of all orders or contracts accepted, exclusive of orders or contracts pertaining to state or county road and bridge projects, as follows:

Gross amount of contracts	License Amount	Fee	Total
Over \$200,000	\$375.00	\$1.00	\$376.00
\$150,000 to \$200,000	300.00	1.00	301.00
\$100,000 to \$150,000	225.00	1.00	226.00
\$50,000 to \$100,000	75.00	1.00	76.00
\$20,000 to \$50,000	37.50	1.00	38.50
\$10,000 to \$20,000	22.50	1.00	23.50
\$5,000 and not exceeding \$10,000	15.00	1.00	16.00

and, when such contractor shall have obtained a license for any year for which he has paid a license tax of less than the maximum above prescribed, he shall not accept any contract or contracts during such year, the aggregate amount of which exceeds the maximum amount for which his license was obtained, unless and until he shall have paid such additional sum as will make the total license tax paid by him for that year sufficient to cover the aggregate amount of such contract or contracts as prescribed above; and unless he pays such additional sum he shall be deemed to be acting without a license. The payment of the license tax in one county in the state, as evidenced by the license or official certificate of the Probate Judge, shall be sufficient.

Interpretations

- Licensees may also need to contact the Contractors Board (334-272-5030) or Home Builders Board (334-242-2230).
- **No half-year's license** is available. The fee for this license is based on the amount of contracts, regardless of the time of year when the contracts are executed. The license may be purchased at any time, prior to the signing of a contract. It is delinquent at the point the contract is signed, regardless of when the work is to be performed.
- If the maximum license is purchased during a year, contracts covering a specific building or project will not require a new license for the life of the contracts, if no new contracts are signed and the only work done during a subsequent year is performance of previously licensed contracts. However, if new contracts are accepted during the next license year, then a license is due for the new contracts. Revisions are considered part of the original contract. If a contract is open-ended, the contractor will need a Section 84 for all license years involved.
- The statute of limitations with regard to contractor's license does not run from Oct. to Sept. as do the annual licenses. The Statute of Limitations runs from the date the licenses become delinquent, which is the date a contract is accepted/or executed. These licenses can be cited at any time within three years from the date the contracts are signed.
- Contractors working on military reservations and other Federal lands are not exempt from licensing, unless the land was ceded prior to May 31, 1941. After this date, the state has reserved the right to tax contractors as well as other individuals working or situated thereon, where such taxes are otherwise due.
- The basis for determining the license tax for under Section 84 is the gross amount of all orders or contracts (including materials, labor, and subcontractors), regardless of any other privilege licenses purchased.
- A prime contractor and a subcontractor are each required to buy Section 84 based on the gross amount of their contracts. The person accepting the contract is not required to actually do the work himself.
- Each corporation needs a separate license, regardless of its affiliation with other corporations which may be licensed. Each d/b/a needs a separate license, even if owned by one individual or partnership. A joint venture needs a separate license, regardless of any licenses held by the venturers.
- Landscape companies who excavate earth for the planting of trees or shrubs, or the installation of sprinkler systems, etc., would require Section 84.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

- An architectural firm which accepts a contract to design a building, and agrees to supervise the construction of the building, but does not agree to actually perform the work is engaged in the business of an architect (Section 48), not a construction contractor. He is not actually performing the work necessary to make an addition to real property.
- Contractors working on roads, bridges, or highways under a contract from the State Transportation Department are exempt from this license.
- Current holders of Class A, B, B-1, C, or D permit issued by the Liquefied Petroleum Gas Board, who only install gas piping are exempt from Section 84. The Board's number is (334) 242-5649.
- Building speculative homes (those that the builder builds without a buyer, and are not presold) may be built without a Section 84, so long as no contract is signed before it is completed.
- This license is not needed for tinting building windows, digging graves, installing draperies and blinds, and cutting lawns.
- Per Section 34-31-24(a)(4) of the Code of Alabama 1975, *"No official charged with the duty of issuing licenses to any individual, partnership, or corporation to operate a business as a certified contractor shall issue such license unless there is presented for inspection a certificate of qualification as provided for herein issued by the Board to the individual or to some person in responsible charge with the partnership or corporation."* Therefore, you must view the card issued by the Alabama Board of Heating, Air Conditioning and Refrigeration prior to issuing the contractor licenses.
- The following businesses may require a Section 84:

Plantation Shutters	Installs Burglar Bars	Acoustical Alarm Systems
Sand & Refinish Hardwood Floors	Awnings	Backhoe
Swimming Pool Installation	Building Company	Cabinet Shop
Burglar Alarm Systems	Ceramic Tile	Communications
Carpet Installation	Decks & Porches	Drywall

Capital Investment	License Amount	Fee	Total
\$1,000,000 and over	\$300.00	\$1.00	\$301.00
\$500,000 and less than \$1,000,000	225.00	1.00	226.00
\$100,000 and less than \$500,000	150.00	1.00	151.00
\$50,000 and less than \$100,000	75.00	1.00	76.00
\$25,000 and less than \$50,000	45.00	1.00	46.00
\$15,000 and less than \$25,000	30.00	1.00	31.00
Less than \$15,000	15.00	1.00	16.00

Such investment shall be the total capital employed in such plant, and the person applying for such license shall furnish a sworn statement showing the amount of the investment and shall accompany the same with a statement taken from the books of the company, showing the amount of such investment, and such books shall at all times be subject to the inspection of the Department of Revenue or its agents. The license taxes levied under this section shall not apply where the factory, mill, or plant which would be licensed by this section is covered by a specific license under this article.

🔍 Interpretations

- Newspaper publishers that print their own newspaper are not subject to this section, unless the publisher prints papers for other publishers, or does job printing.
- If a manufacturer has more than one plant that performs the same function, only one license is needed for each county, provided there is one ownership, one business office, and one set of records.
- If different types of manufacturing are being done in each plant, a separate license is needed.
- Fixed assets are to be included in the total investment amount at the book value shown in the company's books and records. This should be the acquisition price, less accumulated depreciation.
- Rented assets are not to be included if they are not capitalized on the books and records of the company. If such assets are capitalized, they are to be included in the calculations, at book value.
- Completed inventory is not to be included in the calculations; however, goods in process, raw materials, and supplies are to be included. Accounts receivable is not to be included in the calculations.
- If the original investment increases during the license year an additional license should be procured before operations begin which include the additional investment.
- A jeweler may acquire gold and silver as salvage to use (not to sell) in the manufacture of jewelry without being a junk dealer required to purchase the Section 116. However, in that case the jeweler is a manufacturer and would be required to purchase the Section 87.
- Dental labs, bakeries (retail), natural gas treating plants, or plants for which a specific license is charged by another section do not need this license.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

- (d) The population shall be according to the last or any subsequent Federal decennial census.

🔍 Interpretations

- This section covers furnishing and selling credit reports to a number of concerns.
- Where an organization maintains credit information for exchanging among its members and does not sell reports nor solicit business and the expenses are shared by its several members, without profits, then it would not be subject to this license.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

- Mini marts, etc. which sell packaged sandwiches out of a refrigerator do not need this license, even if the customer is allowed to heat the sandwich in a microwave.
- A bakery selling only bakery products, such as bread, candy, cake, pies, cake ornaments, etc., for off premises consumption would not be subject to this license even though these products are considered prepared food.
- This section is limited to establishments serving food for off-premises consumption. If a dining area is provided, a sandwich shop license (Sec. 153) or restaurant license (Sec. 151) is needed. If the menu consists solely of hot dogs, hamburgers, barbecue and other sandwiches, with only prepackaged sides (i.e. potato chips), a sandwich shop license is sufficient (Sec. 153).

provided, that this section shall not apply to directories issued by any person in connection with or as a part of a business for which a general license tax is provided.

🔍 Interpretations

- A directory is any book containing names, addresses, and occupations of inhabitants of a city. It is also any list or compilation, usually in book or pamphlet form, of persons, professional organizations, firms or businesses forming some class separate and distinct from others, e.g. telephone directory, lawyer's directory, hotel directory, etc.
- The method of production of a list or directory is not a factor in determining whether a license is required. Persons producing computer generated lists, or lists sold over the internet for downloading must still buy the license.
- An out of state company compiling a directory (telephone) for a city or town in Alabama would need this license. The information is being compiled based on information received through their agents, or they are causing said information to be compiled in a city or town in Alabama. The license is directed at some local activity such as the compiling of the directory, or information which goes into the directory, in Alabama, and as such is purely local activity within the State of Alabama.
- This section applies only where the directories are compiled, sold or offered for sales in "cities" or "towns." When a license is bought in a specific city or town, it covers the entire area comprising such city or town, and no additional Section 96 is needed for compiling sub-directories for communities or other localities within the boundaries of the city or town for which the license has been paid.
- No license is due for a newspaper, including a "legal" newspaper. Legal newspapers are defined as, newspapers published nationally and in major cities containing summaries of important court decisions, recently enacted or pending legislation or regulatory changes, and, locally, notices of bankruptcy, probate, foreclosure, divorce, etc. proceedings, and also news of general interest to the legal profession.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

5,000 to 10,000 population	30.00	1.00	31.00
In all other places whether incorporated or not	15.00	1.00	16.00

- Each municipality has the power to regulate or prohibit the possession, sale or use of fireworks.
- The city police or county Sheriff has the responsibility of enforcing any statutes pertaining to fireworks in their jurisdiction.
- If a dealer is located two miles from a municipality, but the municipality is in a different county, the two-mile provision still applies and the license amount would be based on that city’s population.
- A license is required for each location whether operating from a fixed location, truck or otherwise.
- A person, firm or corporation domiciled outside the state that takes fireworks orders that are delivered within the state is liable to purchase a license. The population of the city where the sale is made determines the amount of the license.

- If any repairs to motor vehicles are performed, a garage license under Section 54, must be purchased.
- This license does not apply to pumps providing diesel fuel, propane or kerosene.
- If other merchandise or food or beverages are sold at the gasoline station, separate licenses must be procured to cover all of these other businesses.

- Dealing in items of gold and silver by content (quality or weight) rather than form (coins, jewelry, etc.) does constitute dealing in junk, and requires the purchase of this license.
- Gold and precious metal dealers see Code of Alabama 1975, Title 8, Chapter 34.
- A coin dealer dealing in coins of value whereby the coins are bought and sold based on the value as a coin and not the value of the metal, where there is no intent to process the metal into another commodity, would not be a junk dealer.
- Likewise, jewelry bought and sold as new or used jewelry is not dealing in junk unless the unit of account is related to the salvage value of the metals.
- A jeweler may acquire gold and silver as salvage to use (not to sell) in the manufacture of jewelry without being a junk dealer required to purchase Section 116. However, in that case the jeweler is a manufacturer and would be required to purchase the Section 87 license.
- A person in the business of purchasing junked or worn-out automobiles and selling the usable parts thereof or selling the automobiles as a unit, is required by Act 79-756 to be licensed as a Dismantler and Parts Recycler.
- A person, other than a licensed Dismantler and Parts Recycler, may deal in junk automobiles only when they are crushed and sold as scrap (for the value of the base materials). He may not sell usable parts from them, nor sell junk vehicles as a unit, without becoming a licensed Dismantler and Parts Recycler.
- For each piece of car crushing equipment that has a business license, a person must obtain another county business license when such equipment is used in a different county than the initial county.

Interpretations

- If a laundry license is purchased under Section 118, the laundry is exempt from purchasing Section 117(a), even if a linen supply service is being provided.
- A state and county license is required in each county that a linen supplier does business. The license is measured by the population of the largest city in each of these counties.

§40-12-118 Laundries

Each person, firm or corporation who operates what is commonly known as a power or steam laundry shall pay the following license tax:

City Population	License Amount	Fee	Total
35,000 and over	\$90.00	\$1.00	\$91.00
15,000 and less than 35,000	45.00	1.00	46.00
5,000 and less than 15,000	22.50	1.00	23.50
In all other places whether incorporated or not	15.00	1.00	16.00

Self-service laundries or concerns commonly known as laundrettes shall pay a license tax of 25 percent of the power or steam laundry license.

Each laundry operated by hand power shall pay a license tax of:

License Amount	Fee	Total
\$15.00	\$1.00	\$16.00

provided, that no license shall be required of a person commonly known as a "washwoman." Hotels which operate laundries exclusively for their own guests shall pay a license tax of 25 percent of the foregoing enumerated amounts for power or steam laundries.

License Amount	Fee	Total
\$37.50	\$1.00	\$38.50

for the reception or collection of laundry.

 **Interpretations**

- An establishment that is in the business of washing clothes is classified as a laundry.
- A self-service laundry or a laundrette equipped with coin operated washers and dryers is subject to this license, not a vending machine (176a) license, since no goods are dispensed.
- Machines located in a laundrette that dispense detergent and other laundry supplies would be required to have a vending machine license under Section 176(a).
- An establishment utilizing large machines which are capable of washing more than one individual family wash at a time must be classified as a power or steam laundry.
- Laundry pick-up stations are exempt from this license, unless the actual laundry business is outside the state.
- Apartment complexes, mobile home parks, campgrounds and similar establishments that provide laundry facilities for their residents should also purchase this license.
- An establishment that is engaged in both the cleaning and pressing business and the laundry business must purchase a license for both businesses.

Lumber and Timber Dealers**

Each wholesale dealer or jobber of lumber and timber and each wholesale dealer in lumber and timber on commission whether maintaining an established place of business or not shall pay a license tax of:

License Amount	Fee	Total
\$150.00	\$1.00	\$151.00

A sawmill operator, regularly licensed under Section 40-12-154, shall not become liable for the license tax imposed by this section by reason of his purchasing partially manufactured lumber from other sawmills, if the processing of said partially manufactured lumber is completed at the plant of the sawmill operator so purchasing the same and the lumber is thereafter shipped or sold in the same manner as lumber manufactured at the plant of such operator; provided, that such purchases do not exceed in volume the lumber manufactured by such operator at his own plant or plants.

 **Interpretations**

- This license is to be purchased by those who buy and resell lumber and/or timber at wholesale, in substantially the same condition as when purchased. The stage of processing the lumber does not matter (trees, logs, cants, boards, etc.).
- A “wholesale dealer” of lumber or timber is one who sells at wholesale. The term does not include one who is engaged exclusively in purchasing lumber or timber in this state, and transporting it to another state.
- This license is not required if a person never has title or possession of the lumber or timber. If negotiating sales for a commission, without having title or possession, a license as a merchandise broker may be required (Section 81).
- A place of business in Alabama is not necessary for this license to be required. If more than one place of business is maintained, a license must be purchased for each.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

**§40-12-122
Lumberyards**

Each person operating a lumberyard shall pay the following license tax:

City Population	License Amount	Fee	Total
100,000 or over	\$112.50	\$1.00	\$113.50

7,000 and less than 35,000	37.50	1.00	38.50
1,000 and less than 7,000	15.00	1.00	16.00
In all other places whether incorporated or not	7.50	1.00	8.50

This section shall not apply to regularly licensed sawmill selling lumber at retail at its plant.

👁 Interpretations

- This license does not cover wholesale shipments from the yard. See Section 121.
- Retail sales by a sawmill are covered by the sawmill license (Section 154), and this section is not required.
- A person who buys lumber from sawmills and resells to the retail trade is operating a lumberyard.
- Persons selling from a building (a covered or enclosed area, not a yard) are also subject to this license. The law does not state that such lumberyard must be an open yard.
- Persons selling special forms of lumber (i.e. flooring, moldings, or paneling) are subject to this license.
- Plywood does not come under the definition of lumber and therefore the selling of plywood would not require a license under this section.

salesman or in any capacity for another, whether as owner, bailee or other custodian of goods, wares, and merchandise and going from person to person, dealer to dealer, house to house or place to place and selling or offering to sell, exchanging or offering to exchange, for resale by a retailer, any goods, wares, and merchandise, or all persons who do not keep a regular place of business open at all times in regular business hours and at the same place, who shall sell or offer for sale goods, wares, and merchandise, or all persons who keep a regular place of business open during regular business hours and at the same place, who shall elsewhere than at such regular place of business sell or offer for sale or at the time of such sale deliver goods, wares, or merchandise, or all persons who go from person to person, house to house, place to place, or dealer to dealer and sell or offer for sale or exchange the goods, wares and merchandise which they carry with them, and who deliver the same at the time of, or immediately after the sale, or without returning to the place of business operations (a permanent place of business) between the taking of the order and the delivery of the goods, wares, and merchandise, or all persons who go from person to person, house to house, place to place, or dealer to dealer soliciting orders by exhibiting samples, or taking orders, and thereafter making delivery of the goods or filling the order without carrying or sending the order to the permanent place of business and thereafter making delivery of the goods pursuant to the terms of the order, or all persons who go from person to person, place to place, house to house or dealer to dealer carrying samples and selling goods from samples and afterwards making delivery without taking or sending an order therefor to a permanent place of business for the filling of the order and delivery of the goods, or the exchange of the goods, or the exchange of merchandise having become damaged or unsalable, or the purchase by merchants of advertising space, or all persons who have in their possession or under their control any tangible property offered or to be offered for sale, or to be delivered, unless the sale or delivery thereof is to be made in pursuance of a bona fide order for the goods to be sold or delivered, said order to be evidenced by an invoice or memorandum.

An order is defined as being an agreement in writing, between the seller to deliver and the buyer to accept the merchandise to be sold, bought and delivered at the prices and in the quantities agreed upon; and said order shall be evidenced by a memorandum or invoice accompanying the goods on the day on which the same are to be delivered, specifically designating and specifying the name and address of the seller and the buyer, the items purchased, sold and to be delivered and the price on each and the aggregate thereof. The agreement to buy or accept for delivery must be entered into before the goods are placed in transit or delivered and must be transmitted from the place at which taken to the regular and fixed place of business before being filled and the goods delivered.

A commonly termed "blanket order" shall not satisfy the conditions of this definition when such "blanket order" is merely an agreement between the buyer and seller, whereby the buyer shall take such quantity of goods as the seller may deliver to his place of business, or to any other place, within a certain period of time. A "blanket order" to satisfy the conditions of this definition must be an agreement in writing and must recite that the buyer agrees to accept from the seller definite quantities of goods at agreed prices or at prevailing market prices at the time of the delivery of the same; and such agreement shall not be subject to change or cancellation before its termination, without damages to either of the parties entering into it, and it shall not be a condition of such agreement that goods, delivered in accordance therewith must be paid for on delivery. This section shall not apply to transient dealers of bakery products in the county where such bakery is located; nor shall this section apply to transient dealers of bottled soft drinks when sold or distributed from a bottling plant which has paid the privilege tax imposed by Section 40-12-65; nor shall it apply to transient dealers in the sale or delivery of gasoline, kerosene, lubricating oil, or other petroleum products when drawn, conveyed, and distributed from a stock maintained at a warehouse, oil depot, distributing station, or established place of business in this state upon which has been paid all the privilege taxes required of such business; provided that transient dealers of bakery products engaging in the business of transient dealer in any other county shall pay an annual license of:

	License Amount	Fee	Total
1st county	\$25.00	\$1.00	\$26.00
Each additional county	5.00	1.00	6.00

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

This section shall not apply to a person or to any member of his immediate household selling dairy, poultry, or farm products raised, produced, or grown by them nor to such products preserved, bottled, or canned by them. Nor shall this section apply to those selling fish, shrimp, crabs, or other seafoods, candy, and peanuts. No part of this section shall be construed so as to impose any tax or require any duty of traveling salesmen representing jobbers or wholesalers and who do not carry with them goods for sale, but only take orders for goods and deliver said orders to their employer at a store or permanent place of business, to be filled in the manner used by the jobbing and wholesale trade. The payment of the privilege license tax required by this section shall not authorize any transient dealer to sell any goods, wares, or merchandise for which a higher license is required without the payment of the higher license. Any person paying the license tax herein levied shall not sell any goods, wares, or merchandise for use or consumption by going from person to person, dealer to dealer, house to house, or place to place without the payment of a peddler's license as required by Section 40-12-174. The taxes herein levied are not subject to any specific exemption.

🔍 Interpretations

- This section covers wholesale dealers selling to a retailer for resale. Retail dealers are covered by Section 174.
- For wholesale vendors if the specific license exceeds the amount deemed paid under this section, then the specific license is due for selling the specific item of merchandise, in each county in which such business is conducted, in addition to the transient dealer's license.
- A dealer must be able to approve orders and/or collect money. Taking orders for later approval does not qualify.
- Fish, shrimp, crabs, other seafood, candy and peanuts are exempt from Section 172.

This section shall not apply to transient dealers of bottled soft drinks when sold or distributed from a bottling plant which has paid the privilege license tax imposed by Section 40-12-65.

Interpretations

- This section covers retail dealers selling directly to end-users. Wholesale peddlers are covered by Section 172.
- It is not necessary that a sale actually be made for this license to be due, only that items are offered for sale.
- This license does not exempt retail vendors from specific section licenses, based on what they are selling. The maximum license would be due for selling specific items of merchandise, in each county in which such business is conducted, in addition to the transient dealer's license.
- A peddler of any goods using an animal or wagon needs Section 174a.
- A peddler traveling on foot or using a motor vehicle only to transport goods needs Section 174b.
- A peddler using a motor vehicle as a rolling store needs Section 174c. A rolling store is a vehicle used to display merchandise, which permits purchasers to enter the vehicle for the purpose of inspecting and purchasing merchandise.
- A peddler using exhibitions, shows, performances, or entertainment to sell his goods needs Section 174d. This applies to old-fashioned "medicine shows".
- Subsections a, b and c are mutually exclusive, but subsection d may be needed along with one of them.
- A peddler of home remedies, licensed under Section 139(a) will still need Section 174 (either a, b or c) and possibly Section 174(d), depending on his method of making sales.
- A peddler of prepackaged medicines and household/farm supplies, who is licensed under Section 139(b), needs no other sections to peddle those goods.
- A flea market needs Section 174(b), as well as any specific section licenses that may apply (radios, bicycles, etc.).

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

- (b) The revenue produced by the license taxes levied in this section shall be divided equally between the state and the several counties in which it is collected. No separate county license shall be required. The several probate judges and license commissioners shall report and remit monthly to the State Treasurer all moneys collected for the use of the state, and to the counties all moneys collected for the counties. The payment of such occupational license tax as herein provided for in one county in the state shall be sufficient, and the vending machine company shall conspicuously post, on each machine operated by him under such license, his name and address.
- (c) Hotels, motels, tourist camps, or other places of business having less than five coin-operated radios for each location, establishment, or place of business receiving transmitted music by wire or cable:

Having 1-4 transmitters	\$8.00	\$1.00	\$9.00
For each such transmitter or speaker in excess of four	2.00	.00	2.00

each; provided, that where the music transmitted by wire or cable from any central point or studio, whether such point or studio is situated within or without such location, establishment, or place of business, is not coin-operated or where no deposit of a coin or other thing of value into any machine is necessary in order that music may be heard, then each person, firm, or corporation engaged in the business of transmitting music by wire or cable may pay in lieu of the speaker or transmitter tax specified above a privilege tax as follows:

provided, that one license may be issued to include all coin-operated radios and/or transmitters or speakers located within such hotel, motel, tourist camp location, establishment, or other place of business, which license shall be prominently displayed. The licenses herein provided for shall be levied upon the operator of the machine, the coin-operated radio or the central point or studio from which point or studio the music is transmitted; provided, that in the event any unlicensed machine, coinoperated radio, transmitter, or speaker is found in any establishment or place of business, the operator of such establishment or place of business shall be the operator of such machine, coinoperated radio, transmitter, or speaker and shall be liable for the license therefor.

- (d) Nothing in this section shall apply to machines installed by any person, firm, or corporation, nor to coin-operated gas meters, nor to coin-operated telephones, nor to a machine vending postage stamps in its place of business or vending necessary articles on a nonprofit basis for emergency use only by the employees of such person, firm, or corporation.
- (e) No license shall be required under this section where a privilege or dealer's license is required by this chapter for the sale of such article, and such privilege license shall have been obtained by the person, firm, or corporation operating the place of business where such machine is located, or the owner of such vending machine shall have secured such privilege license as required herein.
- (f) Any person operating or permitting the operation of a vending machine dispensing packages or in quantities less than a package of cigarettes, or any article on which there is an excise tax, the payment of which is evidenced by stamps, without first having paid the tax thereon by affixing the required stamps to the original package as required under Section 40-25-2, shall be guilty of a misdemeanor and punished as provided in such section for failure to pay said tax. Each vending machine vending tobacco products of any kind whatsoever shall have securely affixed thereto in full view the name and address of the legal owner of said machine. When tobacco products are found in such vending machines to be improperly stamped or unstamped, in violation of Section 40-25-2, such vending machine and contents shall be confiscated by any duly authorized agent of the Department of Revenue as provided in Section 40-25-2 for the confiscation of improperly stamped or unstamped tobacco products. Each vending machine vending tobacco products of any kind whatsoever shall have a transparent front window, or windows, through which the Alabama revenue stamps required by Section 40-25-2 may be seen without the necessity of opening or unlocking the vending machine.
- (g) For the purpose of any excise or consumption taxes, the payment of which is not evidenced by stamps, levied on any of the articles dispensed through such machine, the person in whose place of business each machine is located shall be considered the consumer of such article and shall be liable for such taxes measured by the regular retail price thereof.
- (h) No license shall be required under this section for home-type merchandise vending machines placed in private homes for home use only and not for public use.
- (i) Nothing herein contained shall be construed as legalizing or licensing any machine or device which is now illegal or which may hereafter be declared illegal.
- (j) All the licenses levied by this section shall bear the business address of the owner or operator thereof.
- (k) It is the legislative intent that only the license required under this section shall be required for the operation of a vending machine company under this section within this state for any one-license year.

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

- (n) In the event that a new business is formed which has not heretofore been in the vending machine business, it shall pay only the minimum license until such time as a new license is required.
- (o) Each applicant for any license required herein shall by sworn statement supply the gross sales as required herein, and its books and records shall be available to any taxing authority within this state for inspection to ensure compliance with this section.
- (p) On all other vending machines whereby tangible personal property is not sold but services or amusements are vended, with the exception that coin-operated pool tables or self-service laundries are specifically excluded herefrom and licensed under other sections, operators shall pay a license as follows:

	License Amount	Fee	Total
On all machines where over one cent is used	\$8.00	\$1.00	\$9.00
On all machines whereby one cent is used	1.00	1.00	2.00

ISSUANCE FEE FOR EACH MACHINE

The license is to be paid, collected and distributed as heretofore provided in this section.

 **Interpretations**

- Section 176(a) covers vending machines whereby tangible personal property is sold. Licenses are sold based upon the total vending machine sales for the entire company during the preceding year. One license is to be purchased to license all machines owned and operated by the vending company, statewide. The licensee is not required to specify the number of machines provided under this license; therefore, hundreds of machines could possibly be covered by one license under Section 176(a). The applicant is to provide a sworn statement reflecting the gross sales shown on his books and records to any taxing authority for inspection to insure compliance. Section 176(a) requires a card, etc., showing name of operator, address, license number, and from what county license was purchased to be conspicuously posted on each machine.
- No license is required under Section 176(a) if the sale of a particular article is licensed under another section of this chapter. For instance, if a grocer sells soft drinks from his vending machine and from a cooler in the store, the grocer can buy the soft drink license under Section 69 and would not be liable for Section 176(a).
- The taxpayer has the option of buying either the Section 176(a) or the license for the specific article being vended (i.e. Section 69 or Section 72), as long as the license is secured on time and is not delinquent. Once a license is delinquent, the option is lost and the higher-priced license of the two sections becomes due.
- Section 176(p) covers vending machines whereby tangible personal property is NOT sold, but services or amusements are vended, with the exception of coin-operated pool tables (Section 146) or self-service laundries (Section 118). Included are coin-operated game room machines, blood pressure machines, and jukeboxes. The fee is \$8 for all machines where over \$.01 is used, on all machines whereby \$0.01 is used, fee is \$1. Section 176(p) requires that a decal be obtained and displayed on each machine. Decals are obtained from the Comptroller's Office, (334) 242-7070.
- Section 176(c) covers receiving transmitted music by wire or cable. If the same music is played for everybody, no license is needed, but if the customer can control what is played, the license is required. It is based on the number of transmitters. Machines with 1 to 4 transmitters have a license fee of \$8, and for each additional

Note: Per Section 40-12-2(e), the county license levy is 50 percent of the state license levy. The total amount due for state and county is shown as a single amount.

transmitter the fee is \$2. If the music machine is NOT coin-operated, the license fee is based upon the city population with fees ranging from \$30 to \$80. (These types of machines are basically obsolete.)

- Exclusions from this section include vending machines in private homes for personal use (176h), coin-operated gas meters, telephones, postage stamps, or vending machines in a place of business to vend articles on a nonprofit basis for the emergency use of employees (176d). Note that vending postage stamps for profit requires Section 176(a).

§40-12-177

Veneer Mills, Planing Mills, Box Factories, etc.

Each person, firm, or corporation engaged in the operation of a veneer mill, planing mill, box factory, handle factory or any other factory where lumber or timber is sawed or made into a finished or semifinished product, other than a sawmill licensed under Section 40-12-154, shall pay a privilege tax based on the number of men employed or engaged in the manufacture of the products produced by such mills, as follows:

Number of Men Employed	License Amount	Fee	Total
40 and over	\$180.00	\$1.00	\$181.00
20 and less than 40	120.00	1.00	121.00
10 and less than 20	45.00	1.00	46.00
Over 5 and less than 10	15.00	1.00	16.00
5 or less	7.50	1.00	8.50

It is the intention hereof that where a person, firm, or corporation shall pay a privilege tax under Section 40-12-154 or under Section 40-12-121, then no privilege license tax shall be charged or collected hereunder.

👁 Interpretations

- A cabinet shop also needs Section 84, if the cabinets are installed.

§40-12-178

Each person practicing veterinary surgery shall pay an annual license tax to the state of:

State Amount	Fee	Total

Where such warehouseman also acts as a distributing agent and forwards and distributes the goods stored in such warehouse and charges for such service, he shall pay an additional license tax of:

License Amount	Fee	Total
\$150.00	\$1.00	\$151.00

📖 Interpretations

- This section covers public warehouses; those that store and account for customer’s property.
- If a licensee owns and operates completely separate warehouses, a separate license is due for each, even if all receipts and records are kept at one unit.
- A self-service storage facility (mini-warehouse) is not a public warehouse. Section 179 does not apply to them.
- An ordinary moving, storage company is not subject to Section 179.
- Before issuing, the law requires each warehouse to present to the issuing agent of the county a permit issued by the Commissioner of Agriculture. (Title 8, Chapter 15, Article 1, Paragraph 8-15-3) – Department of Agriculture – Division of Gins and Warehouses – 334-240-7183
- If the warehouse also forwards and distributes the goods stored in such warehouse, and charges for such service, he shall pay an additional license of \$150.00 plus issuance fee. §40-12-310
"Store" Defined; Construction

The term "store" as used in this article shall be construed to mean and include any store or stores or any mercantile establishment or establishments which are owned, operated, maintained, controlled or for which the buying is done by the same person, firm, corporation, copartnership, or association, either domestic or foreign, in which goods, wares or merchandise of any kind are sold, either at retail or wholesale. The term "store" as used in this article shall not be construed to mean or include any place of business at which the principal business conducted is that of selling or distributing petroleum products or ice, where the amount kept in any store is less than 4,000 pounds at any one time.

Two or more stores or mercantile establishments shall, for the purpose of this article, be treated as being under a single or common ownership, supervision or management if directly or indirectly owned or controlled by a single person or any group of persons having a common interest in such stores or mercantile establishments, or if any part of the gross revenues, net revenues or profits from any such stores or mercantile establishments shall directly or indirectly be required to be immediately or ultimately made available for the beneficial uses or shall directly or indirectly inure to the immediate or ultimate benefit of any single person or any group of persons having a common interest therein; provided, that a person owning or operating a store and owning an interest in not more than one other store which handles merchandise of an entirely different character, or a person operating a candy counter or popcorn stand in the lobby of a motion picture theater owned or operated by him shall not be termed a chain of stores, but shall be required to pay only the annual license on each store; each store being considered a separate unit.

§40-12-311
Who Must Procure License

It shall be unlawful for any person, firm, corporation, association, or copartnership, either foreign or domestic, to operate, maintain, open, or establish any store in this state without first having obtained a license to do so from the probate judge or license commissioner of the county in which the store is located, as hereinafter provided. In instances where stores are located in more than one county, the licensee must procure licenses in the county where his principal or main store is located for all stores wheresoever located.

§40-12-312
Application for License

Any person, firm, corporation, association, or copartnership desiring to operate, maintain, open, or establish one or more stores in this state shall apply to the probate judge or license commissioner for a license to do so. The application for a license shall be made on a form which shall be prescribed and furnished by the Department of Revenue and shall set forth the name of the owner, manager, lessee, receiver, or other person desiring such license, the name of the store, the location, including the street number of each store, and such other facts as the Department of Revenue may require. The applicant desiring to operate, maintain, open, or establish such stores, shall make a separate application for a license to operate, maintain, open, or establish each store, but the respective stores for which the applicant desires to secure licenses may all be listed on one application blank. Each such application shall be accompanied by an issuance fee of \$.50 for each store, to be retained by the probate judge or license commissioner for the issuance of such license, and by the license fee as prescribed in Section 40-12-315.

§40-12-313
Examination of Application and Issuance of License

As soon as practical after the receipt of any such application, the probate judge or license commissioner shall carefully examine such application to ascertain whether it is in the proper form and contains the necessary and requisite information. If upon examination the probate judge or license commissioner shall find that any such application is not in the proper form and does not contain the necessary and requisite information, he shall return such application for correction. If an application is found to be satisfactory and if the issuance and license fees, as herein prescribed, shall have been paid, the probate judge or license commissioner shall issue to the applicant a license for each store for which an application for a license shall have been made. Each licensee shall display the license so issued in a conspicuous place in the store for which such license is issued. It shall be the duty of the license inspector to examine such licenses to ascertain if there is an attempted evasion on the part of the applicant; and, if it is brought to the attention of the license inspector, he shall cite any and all delinquents for failure to procure the proper license. The license inspector shall be entitled to the citation fee of \$1 for each citation served, to be taxed against the delinquent, and collected by the probate judge or license commissioner at the time of issuing the license. The probate judge or license commissioner shall remit such fees to the license inspector in a like manner as other fees are remitted. It shall be the duty of the probate judge or license commissioner to furnish the State Department of Revenue a list of all licenses issued, on a form prescribed by the State Department of Revenue, by the tenth of the month following the month of issuance.

§40-12-314
Expiration and Renewal of Licenses

All licenses shall be so issued as to expire on September 30 of each calendar year. On or before October 31 of each year, every person, firm, corporation, association, or copartnership due a license shall apply to the probate judge or license commissioner for a renewal license for the fiscal year next ensuing. All such licenses shall become delinquent on the first day of the month immediately following the due date thereof.

§40-12-315
Annual Fees

Every person, firm, corporation, association, or copartnership opening, establishing, operating, or maintaining one or more stores or mercantile establishments, within this state under the same general management, supervision, or ownership shall pay the license fees hereinafter prescribed for the privilege of opening, establishing, operating, or maintaining such stores or mercantile establishments. The license fee herein prescribed shall be paid annually, shall be in addition to the filing fee prescribed in Sections 40-12-312 and 40-12-314 and shall be in addition to all other license or privilege taxes levied by this section or hereafter levied.

The license fees as herein prescribed shall be as follows:

	State Amount	Fee	Total
a) One store	\$1.00	\$1.00	\$2.00
b) Two to five stores, each additional store	15.00	1.00	16.00
c) Six to ten stores, each additional store	22.50	1.00	23.50
d) Eleven to twenty stores, each additional store	37.50	1.00	38.50
e) Over twenty stores, each such additional store	112.50	1.00	113.50

No license fee or license shall be due or payable for the use of any county.

Interpretations

- “Store” does not include establishments where the principal (51%) business is selling or distributing petroleum products, or ice, where the amount kept in any store is less than four thousand pounds at any one time.
- Chain stores are two or more stores with the same type of merchandise under a single or common ownership. Stores are treated as under common ownership if they are directly or indirectly owned or controlled by a single person, or by any group of persons having a common interest or shares in the profits of such stores.
- If a cafe/restaurant is engaged in selling any article of merchandise, i.e., cigars or other tobacco products, handkerchiefs, aspirin, etc., in addition to prepared foods, the operator would be due to pay the store/chain license as well as the cafe/restaurant license.
- All chain store licenses are to be purchased in one county for all stores, usually in the county where the first store was opened. When selling a store license, inquire how many stores are in Alabama. If more than one, the licensee will need to find out the county where the first store was opened and purchase the licenses for all stores in that county.
- When issuing licenses for a chain, all licenses are to be put on the chain store report, including the first store of \$1, if they are purchased at the same time. If first store is purchased in a month prior to the others, then the first store of \$1 would not be on the chain store report.
- It is very important that you put the actual physical location of the stores on the chain store report. The mailing address should not be shown.
- On a chain of twenty-one stores, the amount due is \$661.00, calculated as follows:

1st store	\$ 1.00
2nd store thru 5th store	\$ 60.00 (4 x \$15.00)
6th store thru 10th store	\$112.50 (5 x \$22.50)
11th store thru 20th store	\$375.00 (10 x \$37.50)
21st store	\$112.50 (1 x \$112.50)
Total due for chain of 21	\$661.00 plus issuance fee per store

§40-12-318

Payment of Expenses; Net Collections Paid Into Treasury

All money collected under the provisions of this article, less expenses appropriated herein, shall be paid into the treasury monthly by the Department of Revenue and shall be added to and constitute a part of the Educational Trust Fund. All fees collected by probate judges, license commissioners, and license inspectors, who are compensated on a salary basis, shall be paid by them into the treasury of the county, as other fees are likewise paid.
