Tax Payment Program

ACH Credit Payment Method

Executive Summary

Your company must be approved by the Alabama Department of Revenue (ADOR) to pay Alabama taxes through EFT using the Automated Clearing House (ACH) Credit Payment Method. This document provides the procedures for making those payments.

1. Your financial institution will initiate the ACH file containing the tax payment transactions.
2. To ensure proper identification of tax payments, your company is responsible for ensuring that the financial institution initiating the ACH payment file provides the correct information in the TXP Banking Convention Addenda Record of the payment transactions.
3. The TXP Banking Convention Addenda Record requires the following information:
 - Taxpayer ID
 - Tax Type Code
 - Tax Period End Date
 - Payment Type
 - Payment Amount
 - Confirmation Number (only for tax returns filed through My Alabama Taxes (MAT)).
4. A more detailed explanation of the requirements of the Alabama EFT Tax Payment Program can be found in this document.
5. Tax returns must still be filed. Certain Taxes are required to be filed electronically through MAT. Do not file a paper return for these taxes. For more information please visit the Departments website at: www.revenue.alabama.gov.

To assist taxpayers with filing returns or period ending questions, the taxpayer can call 1-800-322-4106 and select option.

Option 1	Individual Income Tax Division
Option 2	Motor Vehicle
Option 3	Sales & Use Tax Division
Option 4	Collection Services
Option 5	MAT
Option 6	Corporate Tax Division
Option 7	Withholding Tax Division
Option 8	Business Privilege Tax Division
Option 9	Business & License Division
Option 0	All other calls

To assist taxpayers with credit payment questions the taxpayer can call

Introduction

Your company is registered as a participant of the Alabama Electronic Funds Transfer (EFT) Tax Payment Program. Your company must use the Automated Clearing House (ACH) Credit Payment Method. Please note that an ACH Credit payment is not the same as a FedWire transfer, and FedWire is not an authorized payment method under the Alabama EFT Tax Payment Program.

Scope of the Program Guide

Because taxpayers approved for the ACH Credit Payment Method are experienced with the method, this program guide is not intended to be a complete explanation of the rules and regulations of the National Automated Clearing House Association (NACHA); rather it is intended to cover only the specific requirements of the Alabama Department of Revenue concerning certain records and fields of ACH files. A complete set of rules and regulations for the Automated Clearing House Network is available from:

National Automated Clearing House Association
2550 Wasser Terrace, Suite 400
Herndon, VA 20171
(703) 561-1100

Right to Revoke ACH Payment Privilege:

Section 41-1-20, Code of Alabama 1975, makes provisions for the Department to establish remittance requirements, payment procedures and the applicability of Electronic Funds Transfers to the taxes administered by the Department. Revenue Ruling 810-13-1.11 allows the Department to revoke the ACH Credit method privilege of any taxpayer for the following reasons:

- (a) Failure to transmit consistently error-free payments;
- (b) Substantial variation from the requirements and specifications of the rules of the Alabama EFT Tax Payment Program;
- (c) Failure to make timely EFT payments or to provide timely payment information; or,
- (d) Failure to provide the addenda record, required by the Alabama EFT Tax Payment Program, with EFT payment.

Assistance Available from the EFT Unit

Should you still have questions concerning the ACH Credit Payment Method after having read this booklet, please call toll-free the Alabama Department of Revenue EFT Unit at 1-877-256-2447 or local (334) 353-7659.

Electronic Funds Transfer (EFT) Tax Payment Requirements

Act No. 2006-552, specifies that for each occasion a business taxpayer is obligated to make a tax payment of \$750 or more to the Alabama Department of Revenue (ADOR), after October 1, 2006, such payment must be remitted electronically through an electronic funds transfer (EFT) method.

Who is required to participate in the EFT Tax Payment Program?

Taxpayers who make individual tax payments which exceed those threshold amounts as defined in Act No. 2006-552 are required to make their payments in accordance with the rules of the Alabama Electronic Funds Transfer Tax Payment Program.

Tax returns must still be filed when making EFT payments. Certain taxes are required to be filed electronically through MAT. Do not file a paper return for these taxes. For more information please visit the Departments website at: www.revenue.alabama.gov.

Note: Prior to making a Withholding Tax payment under Act No. 2006-552 using the ACH Credit Method, an electronic return must first be submitted through MAT. The confirmation number obtained when the return is submitted should be used in the addenda record of the ACH Credit payment. A paper return will not be accepted.

Taxpayer Responsibility

Timeliness of Payments

Taxpayers granted the authority to use the ACH Credit payment method are responsible for coordinating with their financial institutions to ensure that ACH Credit payments are timely and properly initiated.

The impact of prescribed ACH time frames and nightly cycles as well as the impact of weekends and holidays must be considered. A timely ACH Credit transaction will be initiated and posted as immediately available funds (collected funds) to the State of Alabama's bank account no later than the following business day after the payment due date. To assure the timely receipt of tax payments, a taxpayer must ensure that the financial institution originating the transaction does so in sufficient time for the payment to be deposited as immediately available funds (collected funds) to the State of Alabama's bank account no later than the following business day after the payment due date.

If the taxpayer elects to use the ACH Credit payment method, the taxpayer is responsible for ensuring that the bank originating the transaction has the information necessary for timely completion of the transaction.

Special Attention for Holidays and Weekends

If a tax payment due date falls on a Saturday, Sunday, Alabama ACH Association holiday, or Alabama legal bank holiday, payment by EFT is required so the payment settles (is credited to the State of Alabama's bank account) on the first business day after the due date of the payment.

If the date on which the taxpayer is required to initiate an ACH Credit transaction falls on a Saturday, Sunday, or a business or banking holiday, the taxpayer must initiate the transaction on the preceding business day.

Compliance with Procedures

It is the intent of the Alabama Revenue Department to examine each taxpayer's compliance with the requirements of the ACH Credit payment method. The Department may, in its discretion, revoke a taxpayer's ACH Credit payment status if the taxpayer repeatedly fails to correctly complete the payment transactions in accordance with the required procedures. The taxpayer will be required to make future payments utilizing the ACH Debit payment method.

Tax Return Filing Requirements

The requirement to make a payment to the Alabama Revenue Department using the EFT Tax Payment Program does not change any current filing requirements for tax returns. TAX RETURNS MUST STILL BE TIMELY FILED.

Electronic Filing of Certain Taxes

Certain business taxes are required to be electronically filed through MAT at <http://www.revenue.alabama.gov/make-a-payment> . The payment for these taxes can be made electronically at the time the return is submitted. See Rule 810-1-6-.12 Taxes Required to be Filed Electronically for a listing of these taxes.

Penalties

If the EFT payment is not timely made or if the required tax return is not filed by the due date, the provisions for late payment penalties, late filing penalties, interest, and loss of applicable discount shall apply under the provisions of the appropriate revenue laws of the Code of Alabama 1975, as amended.

Proof of Payment

When a taxpayer uses the ACH Credit payment method, the taxpayer's bank is the originating bank, and the taxpayer is primarily responsible for the accuracy and proper completion of the transaction. In order to prove timely compliance, the taxpayer must show timely initiation of the transaction, provide the correct information for the NACHA CCD+ entry and the required TXP Banking Convention Addenda Record, show that there were sufficient funds in the account, and show that the financial institution properly completed the transaction in a timely manner. If the taxpayer can make this showing, then no penalties shall apply with respect to the payment if the transaction was not properly completed.

ACH Credit Payment Method – Sequence of Events

After having registered to make tax payments using the ACH Credit Payment Method, the sequence of events in making the payments will be as follows:

1. The taxpayer should submit a \$0.01 test transaction. Should there be any format errors in the transaction, the taxpayer will be notified of the error.
2. The taxpayer will determine the total amount of tax due with respect to the tax for which the payment is being made.
3. The person initiating the credit transaction should ensure the timely filing of the tax return.
4. At a time arranged between the taxpayer and the taxpayer's financial institution, which must be on some day before the due date of the payment, the taxpayer will provide the financial institution with the information necessary to initiate a timely ACH Credit transaction utilizing the National Automated Clearing House Association (NACHA) CCD+ entry and the TXP Banking Convention Addenda Record. In some cases the taxpayer may actually create the ACH file and submit it to a financial institution for submission to the ACH Network. Additional information concerning the TXP Banking Convention Addenda Record required by the State of Alabama can be found in the section entitled Alabama Requirements for the TXP Addenda Record.
5. On the business day following the initialization of the transaction the payment amount authorized by the taxpayer and initiated by the taxpayer's financial institution will be transferred from the taxpayer's bank account to the State of Alabama's bank account.
6. The State of Alabama's bank will provide the information in the ACH file and in the TXP Addenda Record to the Alabama Revenue Department for the payments to be credited to the taxpayer's account.

– IMPORTANT –

Taxpayers who use the ACH Credit payment method will still be required to timely file tax returns. The EFT tax payment requirement has made no changes to the filing due dates of any tax returns.

Certain Taxes are required to be filed electronically through MAT. Do not file a paper return for these taxes. For more information please visit the Department's website at: www.revenue.alabama.gov.

Alabama Requirements for the TXP Addenda Record

The TXP Banking Convention Addenda Record consists of six major components:

- Taxpayer ID
- TXP Code (See Appendix I)
- Tax Period End Date
- Payment Type
- Amount of Payment
- Confirmation Number (only for tax returns filed through MAT).

Record formats are provided on the following pages, and each major component is explained. Failure to provide the proper and correct information in the TXP Addenda Record will prevent the Alabama Revenue Department from properly crediting the taxpayer with the payment. Submission of \$0.01 test transactions is strongly recommended.

Taxpayer ID

The Taxpayer ID is a twelve (12) character alphanumeric field made up of the two (2) character tax code which identifies the tax being paid and the ten (10) character tax account number. Valid tax codes are listed in Appendix I.

The Taxpayer ID field must always be twelve (12) characters. See examples below:

EXAMPLE 1: Account Number – 0000123456
Re: Income Withholding (2) character tax code – IW
Taxpayer ID Field – IW0000123456

EXAMPLE 2: Account Number – R000123456
Re: Business Income (2) character tax code – IC
Taxpayer ID Field – ICR000012345

Also, certain account numbers have spaces as valid characters. The spaces must be properly reflected in the Taxpayer ID Field, as shown below:

EXAMPLE 3: Account Number – 37CU 12345
Re: Consumer Use/Sales (2) character tax code – CU
Taxpayer ID Field – CU37CU 12345

TXP Code

Valid TXP Codes are listed in Appendix I. Should you have any questions identifying an appropriate TXP Code, please call the EFT Unit toll free at 1-877-256-2447 or local (334) 353-7659.

Tax Period End Date

The Tax Period End Date field is a six (6) digit numeric field in the order of YYM-MDD. This field must indicate the last day of the period covered by the related tax return. This is not the due date of the tax.

Payment Type

The Payment Type field is a one (1) character alphanumeric field. Presently the letter "T" is used for tax payments.

Payment Amount

The payment amount field is a ten (10) digit numeric field including the cents. If the payment is less than 10 digits, use zeroes to populate the beginning fields: e.g. \$123.45 should be entered as 0000012345.

To ensure proper credit for the EFT payment extreme care must be exercised in providing the correct information in the TXP Addenda Record.

Alabama Recommendations for the Company Batch Header Record

Periodically, due to error or software problems, the entire TXP Addenda Record may not be received by the Alabama Department of Revenue. If that occurs, it may not be possible to identify the taxpayer making the payment. To assist in resolving these error conditions, please provide the following information in the Company Batch Header Record.

Field Name	Recommended Contents
Company Name	Please enter the first sixteen (16) characters of the taxpayer name.
Company Identification	Please enter the number "1" plus the Federal Employer Identification Number of the taxpayer.
Company Entry Description	Please enter "TAXPAYMENT".

See NACHA's annual ACH Rules: A Complete Guide to Rules & Regulations Governing the ACH Network for a more complete description of the Company Batch Header Record.

Alabama Recommendations for the Entry Detail Record

Periodically, due to error or software problems, the entire TXP Addenda Record may not be received by the Alabama Department of Revenue. If that occurs it may not be possible to identify the taxpayer making the payment. To assist in resolving these error conditions, please provide the following information in the Entry Detail Record.

Field Name	Recommended Contents
Individual Identification Number:	Please enter the same Taxpayer Identification Number provided in the TXP Addenda Record right justified, zero filled. See Alabama Requirements for the TXP Addenda Record for an explanation of the Taxpayer Identification Number.
Individual Name:	Please enter the first twenty-two (22) characters of the taxpayer name.

See NACHA's annual ACH Rules: A Complete Guide to Rules & Regulations Governing the ACH Network for a more complete description of the Entry Detail Record.

Requirement for Filing Returns

The requirement to use EFT to make tax payments does not change any current filing requirements for tax returns. If the EFT payment is not timely made or the required tax return is not filed by the due date, the provisions for late payment penalties, late filing penalties, interest, and loss of applicable discount shall apply under the provisions of the appropriate revenue laws of the **Code of Alabama 1975**, as amended, unless otherwise provided in the rules for the Alabama EFT Tax Payment Program.

Certain Taxes are required to be filed electronically through MAT. Do not file a paper return for these taxes. For more information please visit the Departments website at: www.revenue.alabama.gov.

Penalties for Noncompliance

The provisions of **Code of Alabama 1975**, as amended, shall govern the administration of any tax, interest, or penalty assessed due to late EFT payments except as provided in the rules for the Alabama EFT Tax Payment Program.

No specific additional penalty provisions are provided concerning compliance with the EFT tax payment requirement. Rather, the general provisions for all taxpayers apply. To avoid the imposition of penalties, timely filing of the tax return along with timely payment in accordance with the provisions of **Code of Alabama 1975**, as amended, and the provisions of the rules for the Alabama EFT Tax Payment Program is required.

Failure of a taxpayer to respond to the notification from the department concerning the required use of EFT to make payments for a tax, or failure to make EFT payments in accordance with the rules established for the Alabama EFT Tax Payment Program in a timely or proper manner shall subject the taxpayer to applicable penalty, interest, and loss of discount as provided by the **Code of Alabama 1975**, as amended, for delinquent or deficient tax payments.

If payment is made for a tax for which a taxpayer was selected to make payments using EFT and the payment is made in a method not in accordance with the stated procedures for the Alabama EFT Tax Payment Program, a delinquent payment penalty for that tax as specified in the **Code of Alabama 1975**, as amended, may be assessed. In addition to any penalty which may be imposed, interest shall be added to the amount of tax due from the due date of the tax payment to the date that the funds become available to the State Treasury.

Penalties may be waived when the circumstances causing delinquency are beyond the control of the taxpayer. Errors made by the Data Collection Center, the State Treasury, the Alabama Department of Revenue or system failures beyond the taxpayer's control within the Automated Clearing House System shall not be subject to penalty or interest for late payment or loss of applicable discount.

Failure to timely file an electronic return when a Withholding Tax payment is made using the ACH Credit Method will result in a failure to timely file penalty. Paper returns will not be accepted as a substitute.

Voluntary Participation in the EFT Tax Payment Program

Taxpayers making a voluntary election to make EFT payments for a tax are subject to the same rules of the Alabama EFT Tax Payment Program as taxpayers required to make EFT payments.

Correcting Erroneous EFT Payments

Errors in the EFT payment process will result in either an underpayment or an overpayment of the tax. In either case, the taxpayer must promptly contact the applicable division to arrange for appropriate action. If the taxpayer error involves an overpayment of tax, the taxpayer may either elect to have the overpayment applied against the liability for the next reporting period or may petition for a refund under the provisions of the applicable tax statute. The Department will make every effort to expedite a refund requested by the taxpayer to correct an EFT payment error.

Underpayments must be corrected by the taxpayer immediately to mitigate any penalties. If the taxpayer error involves an underpayment of tax, the taxpayer must contact the applicable division to make appropriate arrangements to initiate payment for the amount of the underpayment.

Except as provided for in the rules for the Alabama EFT Tax Payment Program, failure of a taxpayer to make a timely EFT payment because of circumstances under the taxpayer's control including, but not limited to, insufficiency of funds in the taxpayer's account or a direct payment to the Alabama Revenue Department using an unauthorized payment method may result in penalty, interest, and loss of applicable discount.

Holidays and Weekends

If a payment due date falls on a legal holiday or weekend, the tax payment must be made so the funds are immediately available on the first business day after the tax payment due date. Timely payments are based on the settlement date (the date on which the State of Alabama's bank account is credited).

If your financial institution is closed on a day that you wish to initiate your transfer, you must contact them one day prior to the observed holiday. (Financial institution holidays in your area may vary from the attached holiday schedules.)

Please consider the following holiday schedules to determine when you must initiate an ACH transaction for timely settlement on a tax due date.

Proof of Payment

The Department will credit the taxpayer with the amount paid as of the date the payment is received by the State of Alabama's bank account.

Since an ACH Credit transaction is initiated by the taxpayer, the taxpayer has responsibility for the proper and timely completion of the transaction. The taxpayer generally will be given an ACH trace number by the bank originating the transaction. This trace number, along with proof of the NACHA CCD+ entry which includes the State of Alabama's bank routing and transit number and bank account number, plus any additional evidence such as bank statements substantiating that the transaction has been settled will constitute proof of payment.
