## PROJECT UPDATES

- Training:
  - The training team has onboarded 8 agency trainers to create curriculum for all Licensing Official and internal MVD users.
  - They are hard at work identifying training activities, creating outlines, and documenting processes that will be used in the upcoming training.
- Testing:
  - As of mid-July, the testing team has completed 751 testing scenarios
  - Converted Data testing, which is testing the data coming from MVTRIP, started on July 14.

## MONTHLY DEMO

In an effort to keep you updated on our progress, the ALVIN team hosts monthly virtual demos via Microsoft Teams. The next demo will be on **August 16, 2023**.

This month, we're going to show you how NMVTIS looks. This will include common responses, viewing details, helpdesk information, and overrides. [Click this link to join us](#) on August 16 at 10 AM.

These demos are recorded and can be found in MVTRIP, just below the ALTS training videos.

Please send any questions, feedback, or ideas for future demos to [ALVIN@revenue.alabama.gov](mailto:ALVIN@revenue.alabama.gov).

## CHANGE CORNER

With a new system comes new process changes. This month, we'd like to highlight some details about NMVTIS.

- NMVTIS stands for National Motor Vehicle Title Information System. It allows jurisdictions to share title information to help prevent mistakes and fraud.
- In MVTRIP, NMVTIS was run manually on a case by case basis. In ALVIN, NMVTIS will run on every title transaction before it can be submitted.

## MONTHLY FAQ

### How do we keep everything secure in ALVIN?

With the rollout of ALVIN, it will be expected that everyone uses their own unique username and password. ALVIN keeps track of which user performs which transaction, so it's in your best interest to not share your login with anybody else.

Remember that sharing is caring except when it comes to your password!

## PROJECT SPOTLIGHT

This month's spotlight is Allyson Ward. Allyson has worked at MVD for almost 7 years in the title section, and is currently serving as the supervisor of the Title Examination unit. She enjoys helping her agents with any titling problems or issues they have, as well as assisting designated agents and taxpayers. In her free time, she enjoys playing video games, reading, binge-watching shows and movies, traveling, and spending time with family and friends.

## ALVIN TERMINOLOGY

With the transition to the new system, there are some terms and concepts that we want you to become familiar with before ALVIN's rollout. Let's explore one together!

### CBT

CBT stands for computer-based training. These are interactive modules that will be used for the training of licensing officials. They will be housed in ALVIN in the Learning manager, and more information will be coming about how to access them.
